Item Description: Cedarholm Community Building Design Development Update

**BACKGROUND**

On January 9, 2017, the City entered into an agreement with Hagen, Christensen & McILwain (HCM) Architects for preliminary design services to replace the Cedarholm Community Building.

At the March 20, 2017 City Council Work Session, further direction was provided to: 1) pursue a larger community building with seating up to one hundred 2) establish clearer costs to better determine funding sources 3) no longer consider the Historical Society as part of this project but rather that it would be a better fit in the City Hall Campus area, and 4) seek a proposal to complete final building plans and specifications.

On April 10, 2017 the City Council authorized an agreement with Hagen, Christensen & McILwain (HCM) Architects for further design services to develop plans and specifications for the replacement of the Cedarholm Community Building subject to progress check in.

On April 24, 2017 HCM Architects provided a progress report and sought input on the site plan, floor plan and building image options #1, #2A and #2B. There was consensus that it was generally heading in the right direction with image option #2B preferred by the City Council. Direction to the architects was to focus on option #2B and proceed.

Per your guidance on April 10, 2017, further check in is anticipated as necessary at City Council meetings as we move through the process leading up to advertising for bids for a project.

**Task One Update (Design Development)**

As requested by the City Council, HCM Architects will be at your meeting to provide an update on task one (design development) and as they head into task two (construction documents). The highlights included in your packet are an aerial site plan, architectural site plan, building image rendition, building elevation plan, building floor plan and cart storage area plan.

Further refined cost estimates as a part of the design development phase include the following:

\$ 2,635,000      \$ 2,314,000

Currently soils are being tested, surveys are being conducted, and estimates for furnishings including kitchen equipment, tables, chairs and technology/security requirements are being gathered.

Furniture and equipment, technology/security and a project contingency budget is yet to be determined.

**Solar and Energy Efficiencies**

The City Council expressed an interest in potential solar opportunities and energy efficiencies which the architects have considered. While the building is not planned at this point to be equipped with solar immediately, it will be ready to accept solar when the city decides. All possible solar opportunities should be explored and studied including a parking lot carport type. The building will be designed to include numerous energy efficiencies such as low flow plumbing fixtures, light sensors, LED fixtures, certified lumber, recycled materials, etc.

**Next Steps**

The next step is to continue and complete task two (construction documents) and plan to provide you with another check in with final plans and specifications (construction documents) on July 10, 2017 at which time advertising for bids would be requested.

**Timeframe**

The following overall timeframe is anticipated:

- June 5, 2017 – task one (design development) update
- July 10, 2017 – task two (construction documents) update
- July 10, 2017 – Request for City Council Action to advertise for proposals
- August 14 or August 28, 2017 - Consider authorizing project. Timing is a challenge here because the City Council does not meet on August 21, 2017. Ideally consideration for a project award would occur in August with a start date late August. Although time will be needed to sort through the proposals to be comfortable with a recommendation.

**POLICY OBJECTIVE**

The process for involving community members and City Council as necessary to review public facility improvements is consistent with past City efforts.

78 **FINANCIAL IMPACTS**

79 Costs related to progress check in is professional consultant time. Although, a final funding source for  
80 the project is yet to be finalized.

81

82 **STAFF RECOMMENDATION**

83 As a result of the April 10, 2017 City Council direction, staff recommends a progress check in on the  
84 Cedarholm Community Building replacement project.

85 **REQUESTED COUNCIL ACTION**

86 As a result of the April 10, 2017 City Council direction, City Council input is requested as part of a progress  
87 check in on the Cedarholm Community Building replacement project.

**REQUEST FOR CITY COUNCIL ACTION**

Agenda Date: 06/05/17

Agenda Item: 7.b

---

Department Approval

City Manager Approval

---

Item Description: Discuss broadening commercial business districts to include multi-family residential uses.

---

1 **BACKGROUND**

2 On May 15, 2017, Mayor Rose requested the City Council review and discuss whether multi-  
3 family residential uses should be included in the Regional Business district.

4 **STAFF REVIEW**

5 The information contained below and attached is included to provide the City Council with  
6 background on residential use that are currently allowed in commercial districts:

- 7 • Dwelling, one-family attached (townhome/rowhome) is not permitted or conditional in any  
8 of the commercial districts.
- 9 • Dwelling, multifamily (3-8 units per building) is not permitted or conditional in any of the  
10 commercial districts.
- 11 • Dwelling, multi-family (upper stories in mixed-use building) is permitted in the  
12 Neighborhood and Community Business districts, but no permitted in the Regional Business  
13 -1 and 2 districts.
- 14 • Dwelling, multifamily (8 or more units per building) is a Conditional Use in the  
15 Neighborhood Business district, however this type of use is not permitted the Community  
16 Business or Regional Business-1 or 2 districts.
- 17 • Multi-family ( $\leq 3$  Units/building) is a conditional use in the Community Mixed-Use 1, 2, 3,  
18 and 4 districts.
- 19 • One-family attached (duplex or twinhome) in not permitted in any of the Community Mixed-  
20 Use districts.
- 21 • One-family attached (townhome or rowhome) is permitted in all of the Community Mixed-  
22 Use districts.
- 23 • One-family detached is a conditional use in the Community Mixed Use-1 and 2 districts.

24 The City is currently in the midst of updating the Comprehensive Plan and most likely would  
25 review the Zoning Code to propose changes consistent with the Plan soon after it's adopted.

26

27 **SUGGESTED CITY COUNCIL ACTION**

28 Review and discuss broadening commercial business districts to include multi-family residential  
29 uses, and direct the Planning Division accordingly.

## Chapter 1005. Commercial and Mixed-Use Districts

### 1005.01 Statement of Purpose

The commercial and mixed-use districts are designed to:

- A. Promote an appropriate mix of commercial development types within the community;
- B. Provide attractive, inviting, high-quality retail shopping and service areas that are conveniently and safely accessible by multiple travel modes including transit, walking, and bicycling;
- C. Improve the community's mix of land uses by encouraging mixed medium- and high-density residential uses with high-quality commercial and employment uses in designated areas;
- D. Encourage appropriate transitions between higher-intensity uses within commercial and mixed use centers and adjacent lower-density residential districts; and
- E. Encourage sustainable design practices that apply to buildings, private development sites, and the public realm in order to enhance the natural environment.

### 1005.02 Design Standards

The following standards apply to new buildings and major expansions of existing buildings (i.e., expansions that constitute 50% or more of building floor area) in all commercial and mixed-use districts. Design standards apply only to the portion of the building or site that is undergoing alteration.

- A. **Corner Building Placement:** At intersections, buildings shall have front and side facades aligned at or near the front property line.
- B. **Entrance Orientation:** Where appropriate and applicable, primary building entrances shall be oriented to the primary abutting public street. Additional entrances may be oriented to a secondary street or parking area. Entrances shall be clearly visible and identifiable from the street and delineated with elements such as roof overhangs, recessed entries, landscaping, or similar design features. (Ord. 1415, 9-12-2011)
- C. **Vertical Facade Articulation:** Buildings shall be designed with a base, a middle, and a top, created by variations in detailing, color, and materials. A single-story building need not included a middle.
  1. The base of the building should include elements that relate to the human scale, including doors and windows, texture, projections, awnings, and canopies.

Corner building placement, entrance orientation, base, middle, and top

2. Articulated building tops may include varied rooflines, cornice detailing, dormers, gable ends, stepbacks of upper stories, and similar methods.

**D. Horizontal Facade Articulation:** Facades greater than 40 feet in length shall be visually articulated into smaller intervals of 20 to 40 feet by one or a combination of the following techniques:

1. Stepping back or extending forward a portion of the facade;
2. Variations in texture, materials or details;
3. Division into storefronts;
4. Stepbacks of upper stories; or
5. Placement of doors, windows and balconies.

Horizontal facade articulation

**E. Window and Door Openings:**

1. For nonresidential uses, windows, doors, or other openings shall comprise at least 60% of the length and at least 40% of the area of any ground floor facade fronting a public street. At least 50% of the windows shall have the lower sill within three feet of grade.
2. For nonresidential uses, windows, doors, or other openings shall comprise at least 20% of side and rear ground floor facades not fronting a public street. On upper stories, windows or balconies shall comprise at least 20% of the facade area.
3. On residential facades, windows, doors, balconies, or other openings shall comprise at least 20% of the facade area.
4. Glass on windows and doors shall be clear or slightly tinted to allow views in and out of the interior. Spandrel (translucent) glass may be used on service areas.
5. Window shape, size, and patterns shall emphasize the intended organization and articulation of the building facade.
6. Displays may be placed within windows. Equipment within buildings shall be placed at least 5 feet behind windows.

Window and door openings

**F. Materials:** All exterior wall finishes on any building must be a combination of the following materials: No less than 60% face brick; natural or cultured stone; pre-colored, factory stained, or stained-on-site textured precast concrete panels; textured concrete block; stucco; glass; fiberglass; or similar materials and no more than 40% pre-finished metal, cor-ten steel, copper, premium grade wood with mitered outside corners (e.g., cedar, redwood, and fir), or fiber cement board. Under no circumstances shall sheet metal aluminum,

corrugated aluminum, asbestos, iron plain or painted, or plain concrete block be acceptable as an exterior wall material on buildings within the City. Other materials of equal quality to those listed, including the use of commercial grade lap-siding in the Neighborhood Business District, may be approved by the Community Development Department. (Ord. 1435, 4-8-13; Ord. 1448, 7-8-2013; Ord 1494A, 2-22-2016)

**G. Four-sided Design:** Building design shall provide consistent architectural treatment on all building walls. All sides of a building must display compatible materials, although decorative elements and materials may be concentrated on street-facing facades. All facades shall contain window openings. This standard may be waived by the Community Development Department for uses that include elements such as service bays on one or more facades.

Four-sided building design

**H. Maximum Building Length:** Building length parallel to the primary abutting street shall not exceed 200 feet without a visual break such as a courtyard or recessed entry, except where a more restrictive standard is specified for a specific district.

**I. Garages Doors and Loading Docks:** Overhead doors, refuse, recyclables, and/or compactors shall be located, to the extent feasible, on rear or side facades that do not front a public street and, to the extent feasible, residential garage doors should be similarly located. Overhead doors of attached residential garages on a building front shall not exceed 50% of the total length of the building front. Where overhead doors, refuse, recyclables, and/or compactors abut a public street frontage, a masonry screen wall comprised of materials similar to the building, or as approved by the Community Development Department, shall be installed to a minimum height to screen all activities. (Ord. 1415, 9-12-2011; Ord. 1443 & 1444, 06-17-2013)

Garage door placement

**J. Rooftop Equipment:** Rooftop equipment, including rooftop structures related to elevators, shall be completely screened from eye level view from contiguous properties and adjacent streets. Such equipment shall be screened with parapets or other materials similar to and compatible with exterior materials and architectural treatment on the structure being served. Horizontal or vertical slats of wood material shall not be utilized for this purpose. Solar and wind energy equipment is exempt from this provision if screening would interfere with system operations.

### 1005.03 Table of Allowed Uses

Table 1005-1 lists all permitted and conditional uses in the commercial and mixed use districts.

A. Uses marked as “P” are permitted in the districts where designated.

- B. Uses marked with a “C” are allowed as conditional uses in the districts where designated, in compliance with all applicable standards.
- C. Uses marked as “NP” are not permitted in the districts where designated.
- D. A “Y” in the “Standards” column indicates that specific standards must be complied with, whether the use is permitted or conditional. Standards for permitted uses are included in Chapter 1011 of this Title; standards for conditional uses are included in Section 1009.02 of this Title.
- E. **Combined Uses:** Allowed uses may be combined within a single building, meeting the following standards:
1. Residential units in mixed-use buildings shall be located above the ground floor or on the ground floor to the rear of nonresidential uses;
  2. Retail and service uses in mixed-use buildings shall be located at ground floor or lower levels of the building; and
  3. Nonresidential uses are not permitted above residential uses.

**1005.04 Neighborhood Business (NB) District**

- A. **Statement of Purpose:** The Neighborhood Business District is designed to provide a limited range of neighborhood-scale retail, service, and office uses in proximity to residential neighborhoods or integrated with residential uses. The NB district is also intended to:
1. Encourage mixed use at underutilized retail and commercial intersections;
  2. Encourage development that creates attractive gateways to City neighborhoods;
  3. Encourage pedestrian connections between Neighborhood Business areas and adjacent residential neighborhoods;
  4. Ensure that buildings and land uses are scaled appropriately to the surrounding neighborhood; and

5. Provide adequate buffering of surrounding neighborhoods.

B. **Design Standards:** The standards in Section 1005.02 shall apply except building length parallel to the primary abutting street shall not exceed 160 feet without a visual break such as a courtyard or recessed entry.

C. **Dimensional Standards:**

<b>Table 1005-2</b>	
Minimum lot area	No requirement
Maximum building height	35 feet
Minimum front yard building setback	No requirement
Minimum side yard building setback	6 feet where windows are located on a side wall or on an adjacent wall of an abutting property 20 feet or 50% of building height, whichever is greater, from residential lot boundary Otherwise not required
Minimum rear yard building setback	25 feet from residential lot boundary 10 feet from nonresidential boundary
Minimum surface parking setback	5 feet
Ord. 1511, 10-24-2016	

D. **Residential Density:** Residential densities shall not exceed 12 units per acre.

E. **Improvement Area:** The total improved area, including paved surfaces and the footprints of principal and accessory buildings and structures, shall not exceed 85% of the total parcel area.

F. **Frontage Requirement:** Buildings at corner locations shall be placed within five feet of the lot line on either street for a distance of at least 20 feet from the corner.

G. **Parking Placement:** Surface parking shall not be located between the front facade of a building and the abutting street. Parking shall be located to the rear or side of the principal building. Parking abutting the primary street frontage is limited to 50% of that lot frontage.

H. **Screening from Residential Property:** Screening along side and rear lot lines abutting residential properties is required, consistent with Chapter 1011 of this Title.

*Primary street: The street where the highest level of pedestrian activity is anticipated. This is generally, but not exclusively, the street of higher classification. The Community Development Department shall determine the primary street.*

**1005.05 Community Business (CB) District**

A. **Statement of Purpose:** The Community Business District is designed for shopping areas with moderately scaled retail and service uses, including shopping centers, freestanding businesses, and mixed-use buildings with upper-story residential uses. CB Districts are intended to be located in areas with visibility and access to the arterial street system. The district is also intended to:

1. Encourage and facilitate pedestrian, bicycle and transit access; and
2. Provide adequate buffering of surrounding neighborhoods.

B. **Dimensional Standards:**

<b>Table 1005-3</b>	
Minimum lot area	No requirement
Maximum building height	40 Feet
Front yard building setback (min. - max.)	0 To 25 feet*
Minimum side yard building setback	6 feet where windows are located on a side wall or on an adjacent wall of an abutting property 20 feet or 50% of building height, whichever is greater, from residential lot boundary <sup>b</sup> Otherwise not required
Minimum rear yard building setback	25 feet from residential lot boundary 10 feet from nonresidential boundary
Minimum surface parking setback	5 feet
Ord. 1511, 10-24-2016	

- a Unless it is determined by the Community Development Department that a certain setback minimum distance is necessary for the building or to accommodate public infrastructure.
- b Unless greater setbacks are required under Section 1011.12 E.1. of this Title.

C. **Residential Density:** Residential densities shall not exceed 24 units per acre.

D. **Improvement Area:** The total improved area, including paved surfaces and footprints of principal and accessory buildings and structures, shall not exceed 85% of the total parcel area.

E. **Frontage Requirement:** A minimum of 30% of building facades abutting a primary street shall be placed within 25 feet of the front lot line along that street.

*Primary street: The street where the highest level of pedestrian activity is anticipated. This is generally, but not exclusively, the street of higher classification. The Community Development Department shall determine the primary street.*

- F. **Surface Parking:** Surface parking on large development sites shall be divided into smaller parking areas with a maximum of 100 spaces in each area, separated by landscaped areas at least 10 feet in width. Landscaped areas shall include pedestrian walkways leading to building entrances.
- G. **Parking Placement:** When parking is placed between a building and the abutting street, the building shall not exceed a maximum setback of 85 feet, sufficient to provide a single drive aisle and two rows of perpendicular parking along with building entrance access and required landscaping. This setback may be extended to a maximum of 100 feet if traffic circulation, drainage, and/or other site design issues are shown to require additional space. Screening along side and rear lot lines abutting residential properties is required, consistent with Chapter 1011 of this Title.

### 1005.06 Regional Business (RB) Districts

- A. **Statement of Purpose:** The RB District is designed for businesses that provide goods and services to a regional market area, including regional-scale malls, shopping centers, large-format stores, multi-story office buildings and automobile dealerships. RB Districts are intended for locations with visibility and access from the regional highway system. The district is also intended to:
1. Encourage a “park once” environment within districts by enhancing pedestrian movement and a pedestrian-friendly environment;
  2. Encourage high quality building and site design to increase the visual appeal and continuing viability of development in the RB District; and
  3. Provide adequate buffering of surrounding neighborhoods.
- B. **Design Standards:** The standards in Section 1005.02 shall apply except that ground floor facades that face or abut public streets shall incorporate one or more of the following features along at least 60% of their horizontal length:
1. Windows and doors with clear or slightly tinted glass to allow views in and out of the interior. Spandrel (translucent) glass may be used on service areas;
  2. Customer entrances;
  3. Awnings, canopies, or porticoes; and
  4. Outdoor patios or eating areas.

**C. Dimensional Standards:**

<b>Table 1005-4</b>	
Minimum lot area	No requirement
Maximum building height	65 feet; taller buildings may be allowed as conditional use
Minimum front yard building setback	No requirement (see frontage requirement below)
Minimum side yard building setback	6 feet where windows are located on a side wall or on an adjacent wall of an abutting property 20 feet or 50% of building height, whichever is greater, from residential lot boundary Otherwise not required
Minimum rear yard building setback	25 feet or 50% of building height, whichever is greater, from residential lot boundary 10 feet from nonresidential boundary <sup>a</sup>
Minimum surface parking setback	5 feet
Ord. 1511, 10-24-2016	

a Unless greater setbacks are required under Section 1011.12 E.1. of this Title.

**D. Improvement Area:** The total improved area, including paved surfaces and footprints of principal and accessory buildings or structures, shall not exceed 85% of the total parcel area.

**E. Frontage Requirement:** A development must utilize one or more of the three options below for placement of buildings and parking relative to the primary street:

1. At least 50% of the street frontage shall be occupied by building facades placed within 20 feet of the front lot line. No off-street parking shall be located between the facades meeting this requirement and the street.
2. At least 60% of the street frontage shall be occupied by building facades placed within 65 feet of the front lot line. Only 1 row of parking and a drive aisle may be placed within this setback area.
3. At least 70% of the street frontage shall be occupied by building facades placed within 85 feet of the front lot line. Only 2 rows of parking and a drive aisle may be placed within this setback area.

*Under E, for example, primary drive aisles in parking lots may be located away from building entrances or designed as internal streets with curb and sidewalk.*

**F. Access and Circulation:** Within shopping centers or other large development sites, vehicular circulation shall be designed to minimize conflicts with pedestrians.

**G. Surface Parking:** Surface parking on large development sites shall be divided into smaller parking areas with a maximum

of 100 spaces in each area, separated by landscaped areas at least 10 feet in width. Landscaped areas shall include pedestrian walkways leading to building entrances.

**H. Standards for Nighttime Activities:** Uses that involve deliveries or other activities between the hours of 10:00 P.M. and 7:00 A.M. (referred to as “nighttime hours”) shall meet the following standards:

1. Off-street loading and unloading during nighttime hours shall take place within a completely enclosed and roofed structure with the exterior doors shut at all times.
2. Movement of sweeping vehicles, garbage trucks, maintenance trucks, shopping carts, and other service vehicles and equipment is prohibited during nighttime hours within 300 feet of a residential district, except for emergency vehicles and emergency utility or maintenance activities.
3. Snow removal within 300 feet of a residential district shall be minimized during nighttime hours, consistent with the required snow management plan.

## 1005.07 Community Mixed-Use (CMU) Districts

**A. Statement of Purpose:** The Community Mixed-Use Districts are designed to encourage the development or redevelopment of mixed-use centers that may include housing, office, commercial, park, civic, institutional, and open space uses. Complementary uses should be organized into cohesive districts in which mixed- or single-use buildings are connected by streets, sidewalks and trails, and open space to create a pedestrian-oriented environment. The CMU districts are intended to be applied to areas of the City guided for redevelopment and may represent varying degrees of intensification with respect to land use, hours of operations, or building height. (Ord 1483, 10-26-2015)

1. The CMU-1 District is the most restrictive mixed-use district, limiting building height and excluding the most intensive land uses, and is intended for application to redevelopment areas adjacent to low-density residential neighborhoods.
2. The CMU-2 District is less restrictive, being open to a wider variety of land uses and building height, and is intended to provide transition from higher-intensity development to parks and other natural areas.
3. The CMU-3 District is intended for moderate intensity development, suitable for transitions between higher and lower intensity districts.
4. The CMU-4 District is a more intensive mixed-use district, intended for areas close to high-traffic roadways

and large-scale commercial developments. (Ord 1483, 10-26-2015)

- B. Regulating Plan:** CMU districts must be guided by a regulating plan for each location where it is applied. A regulating plan uses graphics and text to establish requirements pertaining to the following kinds of parameters. Where the requirements for an area governed by a regulating plan are in conflict with the design standards established in Section 1005.02 of this Title, the requirements of the regulating plan shall supersede, and where the requirements for an area governed by a regulating plan are silent, Section 1005.02 shall control.
1. **Street and Block Layout:** The regulating plan defines blocks and streets based on existing and proposed street alignments. New street alignments, where indicated, are intended to identify general locations and required connections but not to constitute preliminary or final engineering.
  2. **Street Types:** The regulating plan may include specific street design standards to illustrate typical configurations for streets within the district, or it may use existing City street standards. Private streets may be utilized within CMU districts where defined as an element of a regulating plan.
  3. **Parking**
    - a. **Locations:** Locations where surface parking may be located are specified by block or block face. Structured parking is treated as a building type.
    - b. **Shared Parking or District Parking:** A district-wide approach to off-street parking for nonresidential or mixed uses is preferred within the CMU districts. Off-street surface parking for these uses may be located up to 300 feet away from the use. Off-street structured parking may be located up to 500 feet away from the use.
    - c. **Parking Reduction and Cap:** Minimum off-street parking requirements for uses within the CMU districts may be reduced to 75% of the parking requirements in Chapter 1019 of this Title. Maximum off-street parking shall not exceed the minimum requirement unless the additional parking above the cap is structured parking.
  4. **Building and Frontage Types:** Building and frontage types are designated by block or block face. Some blocks are coded for several potential building types; others for one building type on one or more block faces.
  5. **Build To Areas:** Build To Areas indicate the placement of buildings in relation to the street.
  6. **Uses:** permitted and conditional uses may occur within each building type as specified in Table 1005-5, but the vertical

F. Table of Allowed Uses

Table 1005-5 lists all permitted and conditional uses in the CMU-Twin Lakes Deistricts.

1. Uses marked as “P” are permitted in the districts where designated.
2. Uses marked with a “C” are allowed as conditional uses in the districts where designated, in compliance with all applicable standards.
3. Uses marked as “NP” are not permitted in the districts where designated.
4. A “Y” in the “Standards” column indicates that specific standards must be complied with, whether the use is permitted or conditional. Standards for permitted uses are included in Chapter 1011 of this Title; standards for conditional uses are included in Section 1009.02 of this Title.
5. **Combined Uses:** Allowed uses may be combined within a single building, meeting the following standards:
  - a. Residential units in mixed-use buildings shall be located above the ground floor or on the ground floor to the rear of nonresidential uses;
  - b. Retail and service uses in mixed-use buildings shall be located at ground floor or lower levels of the building; and
  - c. Nonresidential uses are not permitted above residential uses.

Item Description:      Discuss City Code Chapter 407.02.E, Keeping of Non-Domestic Animals

---

1    **BACKGROUND**

2    During the March 27, 2017 City Council discussion of proposed nuisance code amendments,  
3    Council directed staff to research the keeping of pigs and goats.

4  
5    Staff was able to locate four cities which currently allow for the keeping of pigs and goats. Those  
6    cities are Shoreview, Fridley (on one acre and larger parcels), Duluth and St. Paul.

7  
8    The Code Enforcement Officer from Shoreview indicated that Shoreview allows these animals  
9    by ordinance, however, no such animals to his knowledge are being kept currently or have for a  
10    number of years. Animal Control from the City of St. Paul reported that caution and preparation  
11    should occur prior to the ordinance change. They suggested specific licensing, enclosure and  
12    enforcement requirements be implemented. Also, it was suggested that the City of Roseville  
13    consider how animal control would deal with these animals. It was stated that current staff may  
14    need additional training in how to deal with these animals and how to transport any strays. St.  
15    Paul also suggested that the current contract with a veterinary hospital be researched to identify  
16    if these animals can be brought to their location for impound.

17  
18    Staff also contacted the Animal Humane Society, as well as, the Animal Board of Health for  
19    comments regarding the allowing of pigs and goats in an urban area. The Animal Humane  
20    Society raised concerns about these animals being kept in an urban environment. It was the  
21    Society's opinion that these animals do not thrive in the urban environment and they were  
22    concerned if this would lead to circumstances that would require these animals being brought to  
23    their shelters or similar animal rescue shelters. The State Veterinarian (Dr. Thompson), with the  
24    Animal Board of Health raised similar concerns, along with suggesting Roseville should research  
25    the specific vaccination requirements and enclosure requirements these animals need for their  
26    safety and the safety of the public. Dr. Thompson further stated these two groups of animals are  
27    very difficult to regulate regarding specific species or weight (as Duluth and Shoreview do). She  
28    further stated that the so-called "tea-cup" and potbellied pigs can grow to anywhere from sixty  
29    pounds, to in excess of two hundred pounds. She further stated that goats, of any size, can be  
30    extremely destructive to structures, plantings and landscapes.

31  
32    It is the opinion of staff that removing the restriction on the keeping of pigs and goats may be  
33    problematic to enforce. An extraordinary amount of staff time will be required to craft any  
34    licensing ordinances specific to these animals. Research related to the required vaccinations and  
35    enclosure requirements will need to be compiled well in advance of amending this section of  
36    current code. Discussions will need to occur amongst various City Departments regarding

37 oversight and enforcement if these animals are allowed to be kept within the City. Further staff  
38 time will need to be allocated to the training of designated staff in the securing and transportation  
39 of any stray animals that are located.

40

41 If Council wishes to move forward in allowing the keeping of these animals, amendments to  
42 407.01 and 407.02.E will be necessary. Also, direction to staff will be required for necessary  
43 revisions to Chapter 501 Animal Control.

**ROSEVILLE**  
**REQUEST FOR COUNCIL ACTION**

Date: June 5, 2017  
Item No.: 7.d

Department Approval

City Manager Approval

Item Description: Approve Creation of a Police Cadet position within the Police Department

**BACKGROUND**

The City Staff have discussed the potential creation of a Police Cadet position which was utilized by the Police Department in past years to recruit and retain quality candidates for police officer. The Cadet position was removed from the Police Department's annual budget in 2003.

The Cadet position was formerly used to increase diversity within the Police Department by attracting quality individuals enrolled in law enforcement education programs. The Department has made purposeful connections with local colleges in an effort to recruit members of minority communities, several members of the Department serve as mentors for high school students interested in law enforcement and the Roseville Police Explorer program has produced numerous police officers over its tenure. Since 2013 the Department conducted a mandatory second language or experience in working with diverse communities requirement as part of several Community Service Officer (CSO) hiring processes. Candidates applying for the position were required to be proficient communicators in one of the five most commonly spoken second languages in Roseville schools: Spanish, Somali, Hmong, Thai and Karen. If the candidate did not speak a second language, the candidate must have experience in living or working with diverse communities. These processes brought high quality candidates to the Department's roster of employees.

With only four part-time CSOs, the Police Department is limited in its ability to attract and retain multicultural law enforcement candidates, especially those who have already completed their mandatory Police Skills training. The Cadet position will allow for additional opportunities to hire employees reflective of Roseville's diverse community and retain current employees who are attractive candidates to other law enforcement agencies.

The Cadet position will be directed at current, multicultural, Roseville CSOs with preference given to those with demonstrated experience interacting with and organizing diverse communities. The Police Department expects the Cadet will represent a proactive approach to creating a safe and livable community by forming positive relationships and fostering inclusive communication between the Department and the increasing number of multicultural residents of Roseville.

Several suburban agencies in Hennepin County operate a Joint Community Police Partnership and the Cadet position is integral to its operation. These cities have successfully increased diversity within their police departments by taking part in the partnership and utilizing the Cadet position. The Roseville Police Department recognizes these accomplishments and seeks to achieve similar outcomes through creating its own multicultural Cadet program.

32 The proposed Roseville Police Cadet position was developed and evaluated utilizing internal and  
33 external data for the creation of a job description and placement within the City's pay system  
34 structure.

35

36 The new position job summary, pay grade and salary range is as follows:

37

38 *The Cadet will provide support services to the Police Department through assisting in better*  
39 *understanding our diverse community while gaining police experience and skill with the goal of*  
40 *obtaining a sworn officer position with the Roseville Police Department. The Cadet will assist the*  
41 *Police Department in focusing law enforcement and crime prevention strategies within diverse*  
42 *communities.*

43

44 *The Cadet will also assist the Community Services Officers in their job tasks and will compliment the*  
45 *current staff. The job requires tact, courtesy and good judgment in dealing with the public.*

46

47 *Pay Grade – Exempt 5, Full-time, Range:\$20.26-\$24.40/hr*

48

49 **POLICY OBJECTIVE**

50 To align staff roles, at appropriate levels, with qualified employees in order to carry out the strategic  
51 vision and goals of the city.

52 **BUDGET IMPLICATIONS**

53 The position was not funded as part of the 2017 budget. The Department intends to offer the position  
54 to a current, part-time, Roseville CSO who has already completed the mandatory Police Skills  
55 training and not fill the vacated part-time CSO position in order to fund the position for the remainder  
56 of 2017. Current staffing movements and vacancies have afforded the cost savings in 2017 to fund the  
57 full-time Cadet for the remainder of 2017.

58 Council will be asked to budget for the full cost of this position (\$35,000) in future years effectively  
59 adding .5 FTE to the CSO/Cadet group.

60 **STAFF RECOMMENDATION**

61 Authorize the creation of the Police Cadet in the Police Department at the proposed pay grade within  
62 the city's compensation plan.

63 **REQUESTED COUNCIL ACTION**

64 Motion to authorize the creation of the Police Cadet in the Police Department at the proposed pay  
65 grade within the city's compensation plan.

Item No.: 7.e

Department Approval

City Manager Approval

Item Description: Consider adoption of an ordinance restricting parking in front of mailboxes

**BACKGROUND**

On April 5, 2017, the City Council authorized an Interim Use renewal to allow the Minnesota State Fair the opportunity to operate several park and ride lots bordering on residential areas in Roseville during the annual Minnesota State Fair. Prior to the renewal, the City heard from residents who complained of numerous automobiles parked on city streets because the park and ride lots are full, often times, early in the day. The Request for Council Action noted numerous complaints from Roseville residents related to overflow parking in the neighborhoods.

This authorization came with additional obligations on the State Fair related to parking in residential areas of Roseville.

Over the years both Roseville Public Works and the Police Department have fielded numerous complaints from residents about vehicles parked on residential streets blocking mailboxes, driveways, free access to turn corners, etc., related to the park and ride lots. Minnesota state statues outlaw many of these complaints except for blocking mailboxes.

In fact, Minnesota statutes do not address parked automobiles blocking mailboxes at all.

Recent research of bordering cities along with St. Paul, Minneapolis and all first ring suburbs produced the following information related to parking in front of mailboxes.

Cities that currently do not address parking in front of mailboxes: Roseville, Shoreview, Arden Hills, New Brighton, Falcon Heights, Lauderdale, N. St. Paul, Little Canada, Mounds View, White Bear Lake,

St. Paul, Minneapolis, W. St. Paul, S. St. Paul, Richfield, Edina, Hopkins, St. Louis Park, Golden Valley, Crystal, Robbinsdale and Columbia Heights.

Cites that currently address parking in front of mailboxes, along with the ordinance wording:

**St. Anthony-** "No person may park a vehicle so as to obstruct a mail box."

**Maplewood-** "No Parking- In front of or in such proximity to any rural delivery mail box so as to obstruct or interfere with delivery of mail to such box."

33 **Woodbury-** “No Parking- In front of a mailbox during the hours of 9:00 a.m. to 4:00 p.m., Monday  
34 through  
35 Saturday in a manner which would prevent the distribution of mail by the United States Postal Service.  
36 Postal carriers must be able to drive into and out of the delivery area without backing up.”  
37

38 A general Internet search produced the following information, not from Minnesota:

- 39 - "No person shall park a vehicle, whether occupied or not, within fifteen feet of a public or  
40 private curbside mailbox between the hours of eight a.m. and five p.m."
- 41 - "No motor vehicle shall be parked within ten (10) feet of a clearly visible, residential mailbox  
42 which is located directly adjacent to curbside or on a public right-of-way between the hours of  
43 8:00 a.m. and 6:00 p.m., except Sundays and holidays.”  
44

45 A negative consequence of enacting this ordinance change is that some neighborhoods, especially those  
46 with shorter blocks, will have limited parking, Monday through Saturday, 8:00 a.m. to 6:00 p.m.  
47 because of current state statutes that limit parking within 20 ft. of a stop sign and 10 ft. from a fire  
48 hydrant.  
49

50 The Roseville City Attorney has no concerns on the proposed language  
51

#### 52 **PROPOSED ACTION**

53  
54 A blending of available ordinance information, along with providing clear wording, produced the  
55 following potential addition to Roseville City Code, 602.04, PARKING, STANDING, STOPPING,  
56 UNATTENDED MOTOR VEHICLES:  
57

58 E. No vehicle shall be parked within ten (10) feet of a clearly visible, residential mailbox which is  
59 located directly adjacent to curbside or on a public right-of-way between the hours of 8:00 a.m. and  
60 6:00 p.m., except Sundays and holidays.  
61

62 See page 2, lines 48-50 of the Attachment to this RCA.

68 spaces listed on the inventory of boulevard parking spaces regularly in use, dated June 30, 1984,  
69 prepared by the code enforcement officer, a copy of which is incorporated herein by reference and  
70 which is on file in the office of the city manager, may continue to be used until one of the following  
71 occurs:

72 A. Roadway improvements involving disturbance of or removal of the boulevard parking area is  
73 undertaken; or

74 B. Substantial improvements to the lot located adjacent to the boulevard parking area is undertaken,  
75 such expansion or construction of house, garage or driveway. (Ord. 1223, 6-29-1999)

76

### 77 **602.07: FIRE LANES:**

78 A. Designation of Lanes: When the fire chief determines that it is necessary for fire safety purposes  
79 to establish areas of access for firefighting equipment, the fire chief shall designate fire lanes along  
80 the curb of public and private roadways adjacent to buildings and within the parking lots of public  
81 and private property. Within thirty (30) days of notification of such designation, in writing, by the  
82 fire chief, the owner of the property adjacent to such fire lanes shall, at the property owner's expense:

83 1. Post and maintain signs approved by the fire chief reading, in substance, "*NO PARKING - FIRE*  
84 *LANE*". Such signs shall be posted at each end of the fire lane and at least at every 100 foot interval  
85 within the fire lane.

103 police officer or in compliance with regulatory parking signs, on any street for a period of 48 hours  
104 commencing immediately after any two inches or more continuous snowfall or until snow removal  
105 has been completed on any street, whichever occurs first. (Ord. 687, 12-18-1972)

106 B. Removal of Illegally Parked Vehicles: Any vehicle parked in violation of this section is declared  
107 to be a nuisance which interferes with snow removal from public streets and any police officer may  
108 remove or cause to be removed, summarily, any such vehicle by means of towing or otherwise or  
109 such police officer may require the driver or owner to remove such vehicle off the paved, improved  
110 or traveled portion of such street.

111 C. Prosecution For Violation: The removal of a vehicle which is parked in violation of this section,  
112 either by a police officer or under the direction of a police officer, shall not preclude a prosecution  
113 for violation of any provision of this chapter. (Ord. 361, 2-26-1962)

114  
115 **602.10: RULES ON PRIVATE AND PUBLIC PARKING LOTS:**

116 On any private or publicly-owned parking lots within the City, the following rules shall apply:

117 A. The police department may post signs at any entrances to a parking lot from a public street which  
118 shall designate one-way traffic for entrance or exit. The driver of any vehicle entering or leaving such  
119 lot shall comply with any one-way signs so posted.

120 B. No person shall operate a motor vehicle at a speed greater than is safe and reasonable under the  
121 conditions of then existing traffic and in no event exceed a speed of 15 miles per hour.

122 C. Parking on lots shall conform to any stalls or positions for parking designated on the surface of the  
123 parking area.

124 D. The owner of the land on which the parking lot is located may designate certain spaces as for  
125 public safety, fire or emergency vehicles only, and no other vehicles may park in said spaces.

126 E. No vehicle shall be parked or allowed to stand in any area of such parking lot which has been  
127 designated or is used for a lane for moving traffic so as to interfere with the movement of traffic.  
128 (Ord. 401, 8-26-1963)

129 F. No motor vehicle shall be parked or allowed to stand in such a lot at a curb which is painted  
130 yellow.

131 G. No motor vehicle shall be parked or allowed to stand in such a lot in front of any entrance to any  
132 business or establishment open to public patronage. (1990 Code)

Item Description: Consider Ordinance Amendments to Chapter 201 Advisory Commissions of the City Code

---

1 **BACKGROUND**

2 At the April 24, 2017 meeting, the City Council passed an ordinance that created the Human Rights,  
3 Inclusion and Engagement Commission (HRIEC). Members from both the previous Human Rights  
4 Commission and Community Engagement Commission were subsequently appointed to serve on the  
5 HRIEC. As part of the creation of this new commission, certain sections of the Uniform Commission  
6 Code should be updated. In addition, the City allows youth under the age of 18 to serve on  
7 commissions, and some clarifying language surrounding youth commissioners should be considered. As  
8 part of the discussion, City Council has asked staff to look into the process for conducting background  
9 checks for City Commissioners similar to those done for youth athletic coaches due to the fact that  
10 youth commissioners are permitted as ex-officio members on City Commissions.

11  
12 Updates to Uniform Commission Code

13 Attached are proposed updates to the Uniform Commission Code. These changes are highlighted  
14 below:

15 **201.03: Membership**

- 16 • Outlines the number of youth commissioners each commission may have

17 **2014.04: Terms**

- 18 • Adds language clarifying how term limits will be handled if/when an existing commission is  
19 transferred to a new commission.
- 20 • Lays out term limits for what qualifies as a youth commissioner.

21 **201.06 Organization**

- 22 • Changes which meeting commissions shall elect a chair and vice chair.
- 23

24 Background Checks for Volunteers

25 The City has authorization to conduct background checks for employees and volunteers per Minnesota  
26 statute 299C. The city currently conducts background checks for employees as well as certain  
27 volunteers, including those who may have contact with youth. Since the City Code allows a City  
28 Commission to have a youth commissioner, it would be consistent with City practices and procedures  
29 to implement background checks for each Commissioner that serves on a City Commission that have  
30 youth members. Currently, background checks for other volunteers are done on an annual basis. To  
31 remain consistent with current practices as well as ensure any new Commissioners are included in the  
32 background checks, staff recommends conducting background checks annually.

33 **FINANCIAL IMPACTS**

34 There are no financial impacts since staff is able to conduct background checks through the Police  
35 Department.

36

37 **STAFF RECOMMENDATION**

38 Discuss proposed changes to the Uniform Commission Code and if Council is in agreement with  
39 changes, adopt the Ordinance amendment.

40

41 To be consistent in our policies and procedures, staff recommends that background checks be  
42 conducted on all current and future Commissioners who sit on a Commission with a Youth  
43 Commissioner.

58

1 **201.01: ESTABLISHMENT:**

2 A. All permanent standing advisory commissions to the City shall be established by  
3 adoption of an ordinance under this Title, and shall be governed by the provisions of this  
4 Chapter.

5 B. From time to time, the City Council may elect to establish other advisory groups by  
6 adoption of a resolution establishing, among other things, the purpose, membership,  
7 organization, duties and term of service for such advisory groups.

8  
9 **201.02: PURPOSE:**

10 Advisory Commissions are established to provide a method for citizen input and are  
11 advisory to the City Council. No advisory commission shall have decision-making  
12 authority for the City, except as expressly established by this Code or State Statutes.

13  
14 **201.03: MEMBERSHIP:**

15 A. All members of advisory commissions shall be residents of the City, and shall be  
16 appointed by majority vote of the City Council.

17 B. In addition to the regular commission members, the City Council may appoint up to  
18 two additional residents of the city who are the age of 18 or under and enrolled in high  
19 school to serve one-year terms on a commission as ex-officio youth commissioners.

20  
21 **201.04: TERMS:**

22 A. Term Length: Members shall serve terms of three years, except for youth members  
23 and the first members appointed following the creation of the commission. First members  
24 shall be appointed as follows: At least one third of members shall be appointed for three-  
25 year terms, up to one third of the members shall be appointed for two-year terms, and the  
26 balance of the members shall serve a one-year term. Term length for any member will be  
27 established by the Council at the time of the appointment.

28 B. Oath of Office: Every appointed member, before beginning his or her duties shall take  
29 an oath stating that he or she will faithfully discharge of the duties of the commission to  
30 which he or she was appointed. Individual commissioners are expected to understand and  
31 adhere to the Roseville Ethics Code and attend the annual ethics training.

32 C. Expiration of Terms: A member's term shall expire on March 31 of the year of the  
33 expiration of the term, or at such time as a successor is appointed. Youth commissioner  
34 terms expire on July 31 of each year.

35 D. Term Limits: Members are eligible to serve two consecutive full terms on a  
36 commission in addition to any partial term served to complete an unexpired term  
37 resulting from a vacancy or an initial term upon creation of a commission. When  
38 members of an existing commission are transferred by the City Council to a new  
39 commission, term limits apply to the combined time on both commissions. Youth  
40 commissioners may serve up to three consecutive terms. Youth commissioners may not  
41 be appointed or re-appointed to a term during which they will turn 19 years of age. Upon  
42 completion of service on one commission, residents can be eligible for appointment to  
43 another commission, or after a period of at least one year, for appointment to the same  
44 commission on which they have previously served.

45 E. Vacancies: Vacancies during a term shall be filled by the City Council for the  
46 unexpired portion of a term. A vacancy occurs in any of the following circumstances:

47 resignation, residence outside the city, removal or death. The City Council reserves the  
48 right to defer filling commission vacancies for any length of time deemed necessary.  
49 F. Attendance: It is the expectation that Commissioners attend all meetings of the  
50 commission. An absence is considered the same whether it is excused or unexcused. If a  
51 commissioner is absent three consecutive meetings and/or misses a total of 30% or more  
52 of commission meetings in a rolling 12 month period, the staff liaison or commission  
53 chair will forward the information to the City Council.

54 G. Removal: Members may be removed by the City Council without cause. A member's  
55 removal shall be by majority vote of the City Council. In addition:

- 56 1. If a member fails to comply with the Roseville Ethics Code, the member may be  
57 removed by the City Council.
- 58 2. If a member has absences from more than three consecutive commission meetings, or  
59 is absent from more than 30% of the meetings in any rolling 12 month period, the  
60 member may be removed by the City Council.

61

62 **201.05: COMPENSATION:**

63 Members of all advisory commissions shall serve without compensation.

64

65 **201.06: ORGANIZATION:**

66 A. Election of Officers: At the ~~last first~~ meeting preceding following the end start of new  
67 regular terms of appointment, or at such other time as required by State Statutes, each  
68 advisory commission shall elect a chair and vice-chair from among its appointed  
69 members for a term of one-year and appoint a member to serve on the Ethics  
70 Commission as described in Chapter 207 of this code.

71 B. Governing Documents: City Code and State Statutes will govern commission  
72 activities. A commission shall not adopt separate by-laws or rules to govern commission  
73 duties or activities.

74 C. Committees, Subcommittees and Task Forces: Commissions may by majority vote  
75 appoint committees or subcommittees of their own members from time to time as  
76 required for the conduct of their business. The formation of any other committees, task  
77 forces and/or alternate workgroups would be subject to the provisions of this Chapter and  
78 shall be created only after approval of the City Council. Subcommittees shall report on  
79 work underway and completed on a regular basis to the full commission.

80 D. Logo and Materials: To reflect the official nature of the commission and to preserve  
81 consistency of the City's brand, only the official city logo or a Council-approved  
82 derivative of the logo, that contains the words "City of Roseville," shall be used on  
83 commission materials.

84 E. Accessibility: Commission members will be available to residents of the city by  
85 providing a preferred phone number or email address that can be used on the city website  
86 and/or on print materials.

87 F. Staff Liaison: Each commission will be served by a staff liaison to assist in meeting  
88 planning and commission processes and serve as a conduit to city staff and the City  
89 Council.

90 G. New Commissioner Training: New commission members will receive both general  
91 and commission-specific training from the staff liaison and commission chair before  
92 beginning their term. (Ord. 1498, 4/11/2016)

**201.07: MEETINGS AND REPORTS:**

A. Meeting Schedule: Prior to the start of each calendar year, each commission shall adopt a regular meeting schedule for the coming year. Commissions may amend their regular meeting schedule, cancel meetings, or call special meetings as needed by majority vote at a regular commission meeting. Commissions shall meet at least quarterly, except as otherwise required by this Code or State Statutes. A special meeting of a commission may be called by the commission chair and/or the City Manager between regular meetings after consultation and approval of both parties.

B. Joint Meeting with City Council: At least once a year, each commission shall meet with the City Council to report on the previous year’s work and to discuss work plans and pending issues for the upcoming year. Commissions may request additional joint meetings with the City Council whenever necessary to share information or seek guidance. A staff liaison is assigned to assist each commission and will work with the City Manager to schedule any joint meetings.

C. Open Meeting Law and Data Practices: All meetings of a quorum of a commission need to be properly noticed and shall be subject to the requirements of State Statutes section 13D, as applicable. Individual commissioners are expected to understand and adhere to applicable state laws and statutes. When a vacancy exists on a commission, a quorum shall consist of a majority of the commission’s non-vacant seats.

D. Rules of Order: All commissions shall be subject to the same Rules of Order as are adopted annually by the City Council.

E. Meetings: Commission meetings shall be held in a public place and the time, date, and location of the meeting shall be publicly noticed. Commission must allow time for public comment on each agenda item and at a Public Comment portion of the agenda at the beginning of each meeting. All meetings shall be televised and recorded for future reference. External site tours by a Commission shall be exempt from being televised, but such tours shall be publicly noticed as all other Commission meetings.

F. Minutes and Reports: Commissions are required to keep a record of its meetings and actions available through the City, as well as other recommendations, reports, studies and other documents created or performed by or for a commission. Minutes of the meeting shall be detailed in the same way as the City Council minutes are written. (Ord. 1481, 07-20-2015) (Ord. 1498, 4/11/2016)

Item Description: Review of 2017-2018 Policy Priority Planning Document

1 **BACKGROUND**

2 On February 13 and April 10, 2017, the City Council reviewed the 2016 Policy Priority Planning (PPP)  
3 document and discussed new priorities for 2017. Minutes from both meetings are included as  
4 Attachments A and B. As a result of those conversations, the City Manager organized the identified  
5 thoughts into three strategic priorities; *Economic Development; Inclusive Community and Governance;*  
6 *and Capital Improvements*. Under each strategic priority, strategic initiatives are listed. Most of the  
7 strategic initiatives are new, but there are several that have been carried over from 2016. The draft  
8 strategic priorities and initiatives are as follows:

9  
10 **Economic Development Strategic Initiatives**

- 11 • Foster Twin Lakes Redevelopment
- 12 • Facilitate City-wide Economic Development
- 13 • Implement Southeast Revitalization Goals

14 **Inclusive Community and Governance**

- 15 • Continue Southeast Roseville Working Group Activities with Stakeholders
- 16 • Continue Imagine Roseville Efforts and Follow Through with Outcomes
- 17 • Review and Consider Inclusive City Policies and Procedures Through Possible Participation in  
18 the Government Alliance on Race and Equity (GARE) Program

19 **Capital Improvements**

- 20 • Increase Pedestrian Connectivity
- 21 • Ensure Sustainable Capital Improvement Funding
- 22 • Provide Timely and Transparent Capital Improvement Budget Information

23 It should be noted that the City Manager combined the initiative of possible participation in the GARE  
24 program with the review and consideration of inclusive policies and procedures. Participation in the  
25 GARE program will provide for a framework for the City to better review its policies and procedures  
26 through an equity lens and thus ensure more inclusive City policies and procedures.

27  
28 The City Manager also suggests that the Policy Priority Plan be considered a two-year plan covering  
29 2017-2018.

30

31 Attachment C is the draft 2017-2018 PPP document that lists the Strategic Priorities Initiatives as well  
32 as details on goals, responsible staff and commissions, and timelines to conduct the work of the plan.

33 **POLICY OBJECTIVE**

34 Adopting strategic priorities will provide the City Council and staff direction in providing City services  
35 and programs in a planned and targeted way.

36 **FINANCIAL IMPACTS**

37 There are not any costs for further discussion of the Policy Priority Planning document. As the  
38 priorities are executed, any new costs will need be included in future budgets.

39 **STAFF RECOMMENDATION**

40 Staff recommends that the City Council review the draft 2017-18 PPP and discuss any modifications  
41 that should be made. To the extent the document captures the City Council's priorities, the document  
42 can be considered for approval.

43 **REQUESTED COUNCIL ACTION**

44 The City Council should review and provide direction about the draft 2017-18 City Priority Plan. To  
45 the extent the document captures the City Council's priorities, the document can be considered for  
46 approval.

Prepared by: Patrick Trudgeon, City Manager; (651) 792-7021

Attachments: A: City Council Minutes dated February 13, 2017  
B: City Council Minutes dated April 10, 2017  
C: Draft 2017-18 City Priority Plan

Mayor Roe opined that this had proven a good process for meeting outside City Council chambers and off line; and allowed for frank discussions for the benefit of all parties and the community. Mayor Roe assured the public that less than a quorum of the City Council and the commissions attended those meetings so no violations of Open Meeting Laws occurred.

**d. 2017 Policy Priority Plan Discussion**

At the request of Mayor Roe, City Manager Trudgeon referenced Attachments A and B to the staff report, respectively entitled, “Adopted 2016 City Priority Plan” and “2016 4<sup>th</sup> Quarter Policy Priority Plan Update.” Mr. Trudgeon noted the two main priorities were “Housing and Economic Development” and “Infrastructure Sustainability” with specific initiatives for each detailed in the Attachments.

Discussions were initiated by individual Councilmembers sharing their personal proposals for updating, revising the current document moving forward into 2017.

Councilmember McGehee

Councilmember McGehee stated her interest in a “General Connectivity” strategy as a new proposal, especially in light of the transportation plan being undertaken as part of the comprehensive plan update. Councilmember McGehee opined that the plan should include benches along pathway connections to make them more user-friendly. She opined that it was an important priority to have connections to schools and to businesses. Councilmember McGehee also noted the need to improve pedestrian connectivity around larger malls and smaller satellite malls in the community; opining that the traffic problem was significant now and would not get any better.

Also, Councilmember McGehee referenced the three years that the Rental Registration and Licensing Program had been operating in the city, with some of those properties coming up for their six-month renewal later on tonight’s agenda (Consent Item 9.f). Councilmember McGehee advised that she had spoken with staff earlier urging them to bring forward their ideas and suggestions on the policy, after the first three years of its implementation, and how to make the program better for the city and for those property owners.

Councilmember Etten

Based on tonight’s previous discussion and action for guidance and purpose for a newly-combined CEC and HRC, and review by the City Council Subcommittee for potential additions or adjustments, Councilmember Etten stated his interest in creating a more robust review and check-in process for all advisory commissions beyond once per year if and as needed.

Councilmember Etten suggested a new priority entitled “Inclusive City and Civic Life, Activities and Governance.” Councilmember Etten suggested that category could include taking action steps on the recent Imagine Roseville community dis-

cussion process; wrapping up some of the work in SE Roseville beyond that of the existing working group; equity work with the League of Minnesota Cities as they delve into more human rights and community engagement efforts and best practices along those areas; recruitment and hiring of a diverse staff and community leaders; and a review of policies and actions taken by the city that may be inhibiting full inclusion for those of diverse backgrounds. Councilmember Etten opined that this was an important priority for the city in its leadership role moving forward.

Councilmember Willmus

Councilmember Willmus stated his interest in prioritizing capital needs of the city and a more frequent and ongoing proactive review and analysis of how capital improvement program (CIP) dollars are allocated.

Mayor Roe asked if Councilmember Willmus intended that to cover all CIP spending or only that related to infrastructure.

Councilmember Willmus clarified that while the heading now specified infrastructure, he broaden the heading across the board for any and all CIP needs.

Councilmember Laliberte

Councilmember Laliberte stated that her thoughts were similar to those of Councilmember Willmus, with her interest in getting a good handle on other 2016 priorities and those carrying over. While supportive of a regular check-in on the 20-year CIP outlook, Councilmember Laliberte stated her interest in a more realistic, closer-in look (e.g. five years) of what could be deferred and take that beyond staff's review up to the City Council's review.

Councilmember Laliberte suggested refinement of "tasks" versus "priorities." Councilmember Laliberte reviewed several of those task-related items that had been discussed but had yet to be implemented (e.g. continuum of engagement by having visuals at certain types of meetings) for the purpose of showing those engaged about their involvement, how their expectations were or were not met and the city's response. While the city continues to seek community feedback, Councilmember Laliberte noted that various iterations had been discussed but the initiative continued to fall off the table. Councilmember Laliberte stated her interest in adding it back on to allow citizens to understand where a project or area of interest was at in the process.

Councilmember Laliberte stated her interest in a "cost benefit analysis" for all decisions made by the City Council, as well as Councilmember McGehee's often stated request for that analysis for projects the city is investing in, Councilmember Laliberte noted that was another idea discussed but not yet taken hold.

Mayor Roe

To tie into the CIP priority, Mayor Roe stated that a missing link is receiving a report on what has changed from year to year and rationale from staff's perspective for those annual changes.

Mayor Roe stated his interest in looking at the city's overall infrastructure, including pedestrian connectivity as part of the community's quality of life; an issue he found becoming more and more important for the marketplace and where people consider living.

Councilmember McGehee stated that she would also like to consider sustainability as part of that CIP review, opining that sustainability as a goal was a long way from done. While stated in the PPP document, Councilmember McGehee opined that "a more robust or inclusive view and listing of our assets" was still not together. Councilmember McGehee noted that one area of concern she had was in not having all city building or facilities listed together, but currently listed separately, along with programs, opining that there needed to be a top level listing available to track all city assets under one umbrella.

Specific to a deeper look at CIP assets, Councilmember Etten suggested a better explanation or understanding for the City Council without the City Council attempting to micromanage departments and their respective managers. Councilmember Etten sought clarification as to what level the City Council was looking for with its CIP and how the City Council should review each piece.

Mayor Roe spoke in support of more detail on streets and water/sewer assets. While talking about them briefly at preliminary budget discussions about information desired by the City Council for the 2018 budget, Mayor Roe suggested that instead of a one-line item the actual streets or projects be identified so the City Council would know from year to year how and why the CIP is changing and steps where they may be in agreement or at least made aware.

Councilmember Willmus agreed with Mayor Roe's observation; clarifying that he wasn't interested in the City Council directing dollars, but was seeking a more thorough review by staff to the City Council of where needs were or where funds may be over-allocated in one area for repurposing to another. Councilmember Willmus opined that this came into play if the City Council could then shift those dollars to alleviate needs elsewhere, but noted the need for that view and allocation level. If staff is aware of areas where the city is falling short or exceeding, Councilmember Willmus noted that the City Council needed to be made aware of that as well.

As an example over the last few years when the water tower rehabilitation project was moved up due to a number of factors, Mayor Roe noted that the process for making those determinations isn't always known or completely understood by the

City Council until closer to year-end with CIP review and when funds don't add up. Mayor Roe stated his agreement with his colleagues for the City Council's need to know the how and why as soon as known by staff to help them and the public. However, Mayor Roe also agreed that no further involvement than that was being sought by the City Council.

In response, Councilmember McGehee stated that in order for her to concur with her colleagues, she needed to be assured that everything in the CIP is being adequately addressed and not simply eliminated or left unaddressed; thus her desire for a more overarching picture of facilities versus a view by program.

City Manager Trudgeon responded that this discussion aligned itself well with internal staff discussions related to budget information and how to present it. Mr. Trudgeon agreed that the basic information should include awareness for the City Council and public to know and for staff to comprehensively say how and why changes are coming about. While some unexpected thing occur from year to year, Mr. Trudgeon stated they were usually few; and agreed with the importance for everyone to be on the same page and have a general understanding. If the City Council chose to make this a priority, Mr. Trudgeon voiced his and staff's wholehearted support.

While agreeing it was important to look at the CIP on an annual and five-year basis, Mayor Roe opined that it remained important to continue that long-term view over twenty years (e.g. fire engines) and change the CIP accordingly as needed and as part of annual discussions. By having shorter-term reviews in addition to the twenty-year CIP review, Mayor Roe noted it added one more layer to the available information and planning process.

Mayor Roe stated his support for Councilmember Etten's new "Inclusive" priority, especially coming off the Imagine Roseville process, possibly creating a number of different recommendations in different areas, including but not limited to: leadership in city government and staffing diversity and recommendations about city policies in other areas. While agreeing that this would be a good category to add, Mayor Roe suggested some items currently included under "Economic Development" could be moved into that category.

Mayor Roe also suggested removing "move up housing" from the current list.

#### General Discussion

If removing "move up housing" from the list, Councilmember Willmus suggested replacing it with a housing style currently lacking in the community, one-level living.

Councilmember McGehee agreed with that comment, adding that housing was needed on small lots.

Councilmember Etten stated his agreement in retaining the Economic Development goal and revising it, but asked if “housing” was an actual priority of the City Council or simply happened in the background.

Councilmember Etten stated his agreement with Councilmember Willmus on the need for single-level housing; but questioned if that was a City Council priority, was the city in turn willing to fund it as a policy priority for funding or to support developers undertaking that housing style. Councilmember Etten stated those were different discussions for him; and noted that “move up housing” had been desired by the city, but the market took over and the city wasn’t called upon to subsidize it. However, Councilmember Etten stated his interest in having more discussion around that idea.

Councilmember McGehee questioned the priority to “increase the value of existing homes,” recognizing that the city didn’t need to do anything when the market increases, and since there were few factors the Council could control, questioned its retention as a goal.

As an afterthought, Councilmember McGehee revised her suggestion to consider the review of the multi-family housing licensing program as a part of priority planning since it was actually a task. Specific to cost benefit analyses, Councilmember McGehee spoke in support of using them anywhere possible.

Mayor Roe opined that “cost benefit analysis” fell into the task versus priority area as well. Mayor Roe also questioned if other areas (e.g. rental licensing and increased housing values) also fell under ongoing activities that could be acknowledged but didn’t necessarily need to be shown as a priority. However, Mayor Roe stated the importance of not losing sight of those areas either; suggesting that they be considered as part of the continuing review of programs.

Councilmember McGehee opined that “cost benefit analysis” should be a policy not a task. It was a policy defining the City Council evaluated some items.

Mayor Roe noted that, since the 2016 PPP, that analysis had already been added to several city policy revisions in the interim.

Councilmember Willmus recognized Councilmember Etten’s comments on housing, while at the same time and depending on the type of development and its location, stated that all of those considerations should remain on the table. Whether or not it should remain a goal as currently identified, Councilmember Willmus agreed probably not; but noted that over the last year or so, some tools had been implemented by the city to help facilitate desired development (e.g. resurrection of the PUD process) that could help spur that type of development in the future.

Specific to cost benefit analysis, Councilmember Willmus opined that something the City Council needed to be cognizant of was that if the group didn't define the purpose or what constitutes benefits and costs, it could become cumbersome and could become complicated rather quickly unless some clearly-defined parameters were agreed upon by the City Council, community and staff.

Councilmember Laliberte agreed with that statement; and specific to housing as a priority, stated that she would go on record that she'd rather help fund housing stock not currently available in Roseville versus funding housing stock already available in the community. Councilmember Laliberte opined that if there was some other hierarchy in or for the community, it needed further conversation.

In addition to the continuum of available housing stock, Councilmember McGehee stated her support for any changes that would make any and all housing accessible.

Mayor Roe noted that a lot of these policies fell into the realm of the city's current housing goals; and stated his interest in not putting too many priorities in place to avoid it becoming a "to do" list with too many areas of focus.

In response, Councilmember Etten stated that he was a huge fan of connectivity, something he considered very important to the community's viability and quality of life. However, since the city was paying a consultant to review the transportation and pathway plans as part of the broader comprehensive plan review, Councilmember Etten asked if it was needed as a priority on the PPP, since it would happen due to those steps already in place.

While that could be the case, Councilmember McGehee opined that some areas that she had discussed with Public Works Director Culver didn't fall into the general pathway scheme, opining that some areas had more difficult issues in achieving t connectivity and providing pedestrian safety. She used her side of town as an example.

Specific to connectivity, Councilmember Willmus noted the importance of retaining that in the PPP. While having had pathway task forces and committees and comprehensive plans in place for decades, Councilmember Willmus noted that while some progress had been made, it wasn't enough. Given that, Councilmember Willmus opined that it needed continued focus to receive more attention that it had over the last decade or so; and by bringing it to the forefront it served to repeatedly remind the City Council, staff and the community of its importance.

Mayor Roe concluded that two items appeared to be rising to the level of additions to the PPP: pedestrian connectivity and access, and Councilmember Etten's

suggested “Inclusive City and Civic Life, Activities and Governance.” Mayor Roe also noted the additional engagement piece as a task for the CEC and HRC process currently being undertaken; and refinement of the CIP as discussed. Mayor Roe noted tonight’s discussion identifying a lot of other priorities moving to “tasks.”

With Councilmember McGehee noting that pathway connectivity was also tied to the CIP; Mayor Roe added that with larger retail properties, just getting from the car to a store was sometimes difficult. However, with the focus on that type of issue and as noted by Councilmember Willmus, Mayor Roe suggested the need to consider whether something rose to the level to warrant being a priority for the City Council going forward.

City Manager Trudgeon thanked the City Council for recognizing the need to refine the priority list, affirming that many of the things mentioned tonight were in the works in the background. For his benefit, Mr. Trudgeon reviewed those items addressed by the City Council during tonight’s discussion and for refinement of the PPP by staff, including but not limited to:

- Connectivity
- Inclusive Governance
- CIP refinement

City Manager Trudgeon listed some of the other ideas identified tonight, including:

- Review of the multi-family rental licensing program is a task and would not be included in the PPP
- No comment on Councilmember Etten’s more frequent review of advisory commissions
- Interest in single-level housing stock and the broader housing issues would not be included in the PPP
- SE Roseville remaining as an important priority but as a subheading under the new “inclusive” priority
- Creation of a policy for inclusivity of everything citywide whether involving economic development or focusing on results when combined with other areas
- Remove “increase residential housing values” as that was achieved by the market
- Remove “move-up housing”

City Manager Trudgeon advised that he would combine this information, create different categories, and prepare a draft for review by the City Council.

Specific to establishing a measure of effectiveness for each infrastructure component, Mayor Roe asked if that had been accomplished or could be checked off.

In response, Public Works Director Culver advised that with establishment of the condition rating criteria to measure effectiveness, it would be reviewed annually and infrastructure prioritized accordingly and therefore, could be removed as a priority.

Without objection, City Manager Trudgeon was directed to remove that priority.

Without objection, Mayor Roe directed staff to provide any other areas they thought needed to be combined or removed on the next iteration.

**8. Approve Minutes**

*Comments and corrections to draft minutes had been submitted by the City Council prior to tonight's meeting and those revisions were incorporated into the draft presented in the Council packet.*

**a. Approve City Council Minutes – January 23**

As previously noted, this item was removed from action in lieu of resolution prior to the meeting.

**h. Discussion of 2017 Policy Priority Planning (PPP) Document**

City Manager Trudgeon briefly noted the updated Policy Priority Plan (PPP) as provided in the staff report and attachments (Attachment B redlined and Attachment C new). Mr. Trudgeon noted one new addition entitled, “Inclusive Community and Governance” with four focus areas. Mr. Trudgeon noted that tonight’s revisions were intended as a broad picture for City Council review and approval, with the next step then being for staff to develop measures of accountability and responsible parties for additional approval.

For the “Capital Improvement” priority, Councilmember McGehee suggested adding the word “adequate” to the second bullet point “Ensure Capital Improvement Funding.”

Mayor Roe suggested the word “sustainable” instead of “adequate.”

While pleased with the economic development priority strategies underway and staff’s proposed next steps (e.g. visiting businesses, creation of the database, etc.), Councilmember McGehee suggested including options for small businesses to look to the city for support.

With the inclusive community and governance priority, Councilmember McGehee advised that she needed more information on the League of Minnesota Cities (LMC) “Government Alliance on Race and Equity (GARE) Program.” In the third bullet point of the “Inclusive Community and Governance” priority, Councilmember McGehee questioned what “enact” meant with city policies and procedures, opining that the city couldn’t do much more than to enforce state and federal law. With the last update of the PPP, Councilmember McGehee noted improvements and accomplishments, including recruiting from the diverse community for advisory commission vacancies, positive benefits of the community garden project, and the focus on SE Roseville; and applauded the city’s fire and police departments for their significant steps in helping to achieve those goals. Specific to the “Capital Improvement” priority, Councilmember McGehee reiterated her advocacy for sustainability of the CIP, having the cost benefit analysis as part of that priority, and being able to support the things needed by the community whether they be a program, a policy. or an inspection.

**Regular City Council Meeting****Monday, April 10, 2017****Page 21**

Councilmember Laliberte stated her concern in moving the focus on SE Roseville out of the “Economic Development Strategic Initiatives” priority, opining that it had been included for a reason; While understanding the rationale in relocating it in the second inclusive priority, and even with the work underway, Councilmember Laliberte stated that she wasn’t sure if it should be checked off the list, and therefore, suggested moving it back under the economic development priority. Under the second priority, Councilmember Laliberte stated her need for additional information on the second and fourth bullet points. Councilmember Laliberte stated her agreement with the “sustainability” wording for the CIP in the second bullet point for that priority.

Mayor Roe referenced the SE Roseville priority in the past PPP in two places recognizing the efforts of the working group as well as the economic development focus. From his perspective, Mayor Roe stated that was a natural dividing point, and even though one dealt more with the inclusivity and the other with economic development issues, he supported having it in both priorities. As noted in the meeting minutes (Attachment A), Mayor Roe noted that was also addressed by Councilmember Etten during that previous discussion.

Councilmember Etten agreed with the points made by Mayor Roe and Councilmember Laliberte in leaving SE Roseville in both priorities. While it may seem redundant, Councilmember Etten stated that it also recognized that the priority would be viewed from two different lenses.

Noting the good points made regarding the focus on SE Roseville, City Manager Trudgeon referenced and reviewed the categories as they were listed in the last iteration and under two categories.

Councilmember Laliberte spoke in support of retaining that placement in both categories with updated language to more clearly understand the intent of the particular focus.

On the second priority, last bullet point for the LMC program in 2018, Mayor Roe suggested revising the language to: “Prepare for possible participation in the GARE program”. Also in the second priority, Mayor Roe suggested adding the word “consider” to replace “enact” for inclusive city policies and procedures.

Specific to the GARE Program, Councilmember Etten stated that he had suggested this in the past as a result of his attendance at an LMC conference. Councilmember Etten reported that this is a year-long program; and advised that he had some of the materials being used in the City of Shoreview as they also participate in the program. Councilmember Etten briefly reviewed some of those materials, including measurement tools for exacting change for operations and working with coalitions during the year to use those tools to enact changes.

**Regular City Council Meeting****Monday, April 10, 2017****Page 22**

Based on his understanding of the GARE program, City Manager Trudgeon reported that it was primarily staff-focused with diverse implementers, both at the management level and through the ranks to identify methods to provide the best service possible. Mr. Trudgeon stated that it was his understanding that the program was a self-reflection process to guide you through the process.

Councilmember Etten noted that in the LMC session he had attended, the program included how a service or program was delivered, and how unintended consequences may result from something not working as well as intended (e.g. rental registration program, or immigrant population and new owners and city code language). Councilmember Etten advised that the intent was to provide a more holistic way to review city policies and procedures, and day-to-day operations, by pausing to see if the process was going to create a new problem before implementation or to review existing services/programs for any adjustments that may be indicated.

In the second inclusive priority, third bullet point, Councilmember Laliberte suggested instead of “enact” that the language read: “review city policies and procedures for inclusivity.” As an example, Councilmember Laliberte reported that this had been worked on to some degree in discussions with the new CEC/HRC combined advisory commission, and may not be adequately incorporated in these policies until those recommendations come forward.

With the GARE process, Mayor Roe noted this was also an effort to enact city policies and procedures to get at equity and inclusivity.

Specific to the GARE program, Councilmember Laliberte stated that she would want to know how much staff time would be required as a factor to consider.

City Manager Trudgeon estimated that the GARE program would consist of a two-day session and perhaps one meeting/month for the identified staff group.

Specific to Councilmember Laliberte’s suggestion with the third bullet point under the inclusive priority, Councilmember Etten defended the intentional addition of “enact” to move the city from continuing to just talk about it versus actually doing something about it. Councilmember Etten stated that he was fine with continuing to receive updates or reviews, but emphasized the need to act. As an example with taking action on inclusive policies and procedures, Councilmember Etten noted this would be further emphasized with the GARE program and now the combined CEC/HRC commission under consideration. While the community may have been discussing it, Councilmember Etten opined that the City Council needed to discuss it and take action as well.

**Regular City Council Meeting****Monday, April 10, 2017****Page 23**

Further discussion ensued regarding language for the inclusive priority, with wording suggestions about city policies and procedures of “review and consider” (Etten) and “review and update” (Roe).

Councilmember Etten opined that the goal needed to be new items versus only reviewing existing efforts.

Specific to the inclusive priority, second bullet point “Continue Imagine Roseville Efforts,” Mayor Roe suggested additional language “...and follow-through on outcomes.” Mayor Roe opined that this would ensure that not just conversations continued, but that recommendations result in decision-points for the city response; and possibly even have a separate bullet point to ensure focus.

The consensus was to leave the wordsmithing to City Manager Trudgeon based on tonight’s discussion.

Councilmember Laliberte noted that School District No. 623 would be coming forward with a referendum in the near future for their member area communities. With the city having its own CIP to fund and sustain going forward, Councilmember Laliberte stated her concern that the city take a business-as-usual look at operations as part of the upcoming budget process, whether through this PPP or the budget process itself.

Mayor Roe opined that it would be part of the city’s ongoing budget process.

Councilmember McGehee suggested adding some thought to the city partnering with the school district as they move their capital initiatives forward to take the opportunity to fill any voids in the city’s programming, and at the same time help the school district and community-at-large in achieving more amenities.

While very interested in hearing from the school district, Councilmember Willmus clarified that the City of Roseville is only one of the many communities in School District No. 623. Therefore, Councilmember Willmus suggested approaching the topic from that perspective with potential capital needs; noting they were not entirely on the shoulders of this community, but brought forth a broader question that needed time to work through.

Since this PPP is specific to the city, Mayor Roe opined that until more conversations come forward, he didn’t see any need to include the school district’s future planning in this document, especially until more was known. Mayor Roe stated that he was not personally comfortable that the city should cut back on its activities or plan due to the school district’s planned referendum.

## City Priority Plan 2017-2018

Approved \_\_\_\_\_

Strategic Priorities – The city Council has determined that there will be three strategic priorities that the City will focus on in 2017 and 2018:

**ROSEVILLE**  
**REQUEST FOR COUNCIL ACTION**

Date: 6/05/2017  
Item No.: 9.a

Department Approval

City Manager Approval

Item Description:      Approve Payments

**BACKGROUND**

State Statute requires the City Council to approve all payment of claims. The following summary of claims has been submitted to the City for payment.

Check Series #	Amount
ACH Payments	\$317,948.46
85615-85679	\$655,997.66
Total	\$973,946.12

A detailed report of the claims is attached. City Staff has reviewed the claims and considers them to be appropriate for the goods and services received.

**POLICY OBJECTIVE**

Under Mn State Statute, all claims are required to be paid within 35 days of receipt.

**FINANCIAL IMPACTS**

All expenditures listed above have been funded by the current budget, from donated monies, or from cash reserves.

**STAFF RECOMMENDATION**

Staff recommends approval of all payment of claims.

**REQUESTED COUNCIL ACTION**

Motion to approve the payment of claims as submitted

## CHAPTER 309

### MASSAGE THERAPY ESTABLISHMENTS

#### SECTION:

- 309.01: Definitions
- 309.02: License for Massage Therapy Establishment
- 309.03: Granting, Denying or Rescinding of Licenses
- 309.04: Practice of Massage Therapy Only by Licenses Persons
- 309.05: Revocation or Suspension of License
- 309.06: Restrictions and Regulations
- 309.07: Violations, Penalty

#### **309.01: DEFINITIONS:**

As used in this Chapter, the following words and terms shall have the meanings ascribed to them in this Section:

**CHAIR MASSAGE:** A massage provided to a fully-clothed individual, and limited to the neck, shoulders, arms, and back, where the massage is not provided in a massage therapy establishment; and provided the individual giving the massage meets the requirements specified in Section 309.04 (A). (Ord. 1329, 11-14-05)

**MASSAGE THERAPIST:** A person who practices massage therapy.

**MASSAGE THERAPY:** The rubbing, stroking, kneading, tapping or rolling of the body with the hands or other parts of the body for the exclusive purposes of relaxation, physical fitness or beautification and for no other purpose.

The practice of massage therapy is hereby declared to be distinct from the licensed practice of medicine, osteopathy, chiropractic, physical therapy, podiatry and nursing, as well as athletic coaches and trainers. Persons engaged in those professions are exempt from the provisions of this Chapter.

**MASSAGE THERAPY ESTABLISHMENT:** Any room, or premise wherein a person may receive a massage from a massage therapist for a fee; where massages are given on more than 14 calendar days in any given calendar year. (Ord. 1329, 11-14-05)

**SANITARY:** Free from the vegetative cells of pathogenic microorganisms. (Ord. 1142, 6-13-1994)

#### **309.02: LICENSE FOR MASSAGE THERAPY ESTABLISHMENT:**

- A. License Required: No person shall engage in the business of operating a massage therapy establishment within the City without first having obtained the required license.
- B. Application Fee: The initial application for a license shall be made by completing an application form provided by and containing such information as required by the City Manager and by paying a nonrefundable application fee, as established by the City Fee Schedule in Section 314.05. (Ord. 1329, 11-14-05)

- C. Separate License Required Fee: A separate license shall be obtained for each place of business, the fee for which shall be as established by the City Fee Schedule in Section 314.05. (Ord. 1329, 11-14-05)

### **309.03: GRANTING, DENYING OR RESCINDING OF LICENSES:**

- A. Zoning Compliance: Massage Therapy Establishment licenses may be granted only to establishments associated with and operating within the confines of and incidental to a properly zoned beauty parlor (salon), health club, office, shopping mall, or similar areas open to the public. (Ord. 1329, 11-14-05)
- B. Building, Safety and Sanitation Regulations: Licenses may be denied or rescinded if the premises of the massage therapy establishments do not meet the requirements of the City Council, and of the building, safety and sanitation regulations of the City and State.
- C. Fraud or Deception: Licenses may be denied or rescinded if there is any fraud or deception involved in the license application.
- D. History of Violations: Licenses may be denied or rescinded if the applicant, licensee or employee of the same fails to comply with, or have a history of violations of the laws or ordinances which apply to health, safety or moral turpitude.
- E. Additional Conditions: The City Council may attach such reasonable conditions to the license as it, in its sole discretion, deems to be appropriate. (Ord. 1142, 6-13-1994)  
(Ord. 1283, 6-16-03)

### **309.04: PRACTICE OF MASSAGE THERAPY ONLY BY LICENSED PERSONS:**

- A. Application for License: Any person or business desiring to be licensed as a massage therapy establishment shall file an application on forms provided by the City Manager. The application shall contain such information as the City Manager may require, including: (Ord. 1329, 11-14-05)
  - 1. The applicant's full name, address, social security number and written proof of age.
  - 2. The name and address of the licensed massage therapy establishment by which the applicant expects to be employed.
  - 3. A statement concerning whether the person has been convicted of or entered a plea of guilty to any crime or ordinance violation and, if so, information as to the time, place and nature of such crime or offense.
  - 4. Proof that the applicant meets the following educational requirements:
    - a. A diploma or certificate of graduation from a school approved by the American Massage Therapist Association or other similar reputable massage association; or
    - b. A diploma or certificate of graduation from a school which is either accredited by a recognized educational accrediting association or agency or is licensed by the State or local government agency having jurisdiction over the school.
    - c. Each applicant shall also furnish proof at the time of application of a minimum of 600 hours of successfully completed course work in the following areas:
      - (1) The theory and practice of massage, including, but not limited to, Swedish, Esalen, Shiatsu and/or foot reflexology techniques; and
      - (2) Anatomy, including, but not limited to, skeletal and muscular structure and organ placement; and

(3) Hygiene.

- B. Fee: The annual license fee for a massage therapist is as established by the City Fee Schedule in Section 314.05. Ord. 1329, 11-14-05)
- C. Review of Application: License applications shall be reviewed by the Police Department.
- D. Denial of Application: The license application may be denied for any of the following reasons:
  - 1. Fraudulent Statements: The application contains false, fraudulent, or deceptive statements.
  - 2. Prior Conviction: The applicant has been convicted of or entered a plea of guilty within the previous three years to a violation of this Chapter or of any other law regulating the practice of massage, or of any law prohibiting criminal sexual conduct, prostitution, pandering, indecent conduct or keeping of a disorderly house.
  - 3. Noncompliance: The applicant has not complied with a provision of this Chapter.
  - 4. Underage: The applicant is less than eighteen (18) years of age. (Ord. 1142, 6-13-94)

**309.05: REVOCATION OR SUSPENSION OF LICENSE:**

A license may be revoked or suspended for any of the following reasons:

- A. Application Fraud: Fraud, deception or misrepresentation in connection with the registration application.
- B. Violation of Chapter: A violation of any provision of this Chapter.
- C. Criminal Conviction: Conviction of a criminal sexual conduct, prostitution, pandering, indecent conduct or keeping a disorderly house.
- D. Conviction Arising out of Practice of Massage Therapy: Conviction of any crime or ordinance violation arising out of the practice of massage therapy.
- E. Lack of Skill: Exhibition of a demonstrable lack of skill in the practice of massage therapy. (Ord. 1142, 6-13-94)

**309.06: RESTRICTIONS AND REGULATIONS:**

- A. Display of License: Any person registered as a massage therapist hereunder shall display such license, or a true copy thereof, in a prominent place at such person's place of employment.
- B. Identification: Upon demand of any police officer at the place of employment, any person licensed hereunder shall produce correct identification, identifying himself/herself by his/her true legal name and correct address.
- C. Inspection: During business hours, all massage therapy establishments shall be open to inspection by City Building and License Inspectors, Health Officers and police officers.
- D. Therapist, Change of Location: Any person licensed hereunder shall practice massage only at such location or locations as are designated in the license. Any person registered hereunder shall inform the City Manager, in writing, of any change in location prior to its occurrence.
- E. Hours: No customers or patrons shall be allowed to enter or remain on the licensed premises after 9:00 P.M. or before 8:00 A.M. daily.
- F. Alcohol or Drugs Prohibited: No beer, liquor, narcotic drug or controlled substance, as such terms are defined by State statutes or the City Code shall be permitted on licensed premises.
- G. Violation of Building, Safety or Health Regulations: Violation of any law or regulation relating to building, safety or health shall be grounds for revocation or any license.

- H. Locks on Doors: There shall be no locks on doors of massage rooms.
- I. Appropriate Covering Required:
  - 1. Patron: Whenever a massage is given, it shall be required by the massage therapist that the person who is receiving the massage shall have her breasts and his/her buttocks and genitals covered with a nontransparent material. For purposes of receiving a chair massage, patrons must stay fully-clothed at all times. (Ord. 1329, 11-14-05)
  - 2. Therapist: Any massage therapists performing any massages shall at all times have her breasts and his/her buttocks and genitals covered with a nontransparent material. (Ord. 1142, 6-13-94)
- J. With the exception of chair massages, all other types of massages shall take place in a private room subject to the conditions and restrictions noted above. (Ord. 1329, 11-14-05)

**309.07: VIOLATIONS, PENALTY:**

Every person who violates this Chapter is guilty of a misdemeanor. (Ord. 1142, 6-13-94)

**ROSEVILLE**  
**REQUEST FOR COUNCIL ACTION**

Date: 6/05/2017  
Item No.: 9.c

Department Approval

City Manager Approval

Item Description: Approve General Purchases or Sale of Surplus Items Exceeding \$5,000

**BACKGROUND**

City Code section 103.05 establishes the requirement that all general purchases and/or contracts in excess of \$5,000 be approved by the Council. In addition, State Statutes require that the Council authorize the sale of surplus vehicles and equipment.

General Purchases or Contracts

City Staff have submitted the following items for Council review and approval:

<u>Division</u>	<u>Vendor</u>	<u>Description</u>	<u>Key</u>	<u>Budget Amount</u>	<u>P.O. Amount</u>	<u>Budget / CIP</u>
Park & Recreation	HCM Architects	Golf Clubhouse Redesign	(a)	\$ 146,200.00	\$146,200.00	Budget
Water	Midway Ford	Ford F250	(b)	20,000.00	30,193.00	CIP

Comments/Description:

- a) Includes Tasks #1 and 2, as well as reimbursable expenses for both tasks. Funding will come from the Park Renewal Program monies.
- b) Purchased off the State Bid Contract. Additional funds will be used to include four-wheel drive and an extended cab which allows for greater flexibility for using this vehicle for snow plowing.

Sale of Surplus Vehicles or Equipment

City Staff have identified surplus vehicles and equipment that have been replaced or are no longer needed to deliver City programs and services. These surplus items will either be traded in on replacement items or will be sold in a public auction or bid process. The items include the following:

<u>Department</u>	<u>Item / Description</u>

**POLICY OBJECTIVE**

Required under City Code 103.05.

**FINANCIAL IMPACTS**

Funding for all items is provided for in the current operating or capital budget.

**STAFF RECOMMENDATION**

Staff recommends the City Council approve the submitted purchases or contracts for service and, if

28 applicable, authorize the trade-in/sale of surplus items.

29 **REQUESTED COUNCIL ACTION**

30 Motion to approve the attached list of general purchases and contracts for services and where  
31 applicable; the trade-in/sale of surplus equipment.
