Thomas,

Enclosed is the submittal for the Master Sign Plan for the Palisades Apartment Development located at 560 W Sandhurst Drive.

We are proposing a total of 5 new freestanding signs. All of the existing signage will be removed upon installation of the new.

Sign A - Orange Dot - Monument on 36  
12' long X 3' high = 36 sq ft of sign area  
Overall height 7'  
Setback minimum 15' from property line

Sign B - Yellow Dot - Sandhurst Entrance Directional  
3' long X 4' 10" high = 14.5 sq ft of sign area  
Setback 5' from property line

Sign C - Green Dot - Clubhouse Monument Sign  
8' long X 4' 10" high = 38.72 sq ft of sign area  
Setback 15' from property line

Sign D - Red Dot - Clubhouse Entrance ID Sign  
3' long X 4' 10" high = 14.5 sq ft of sign area  
Setback 5' from property line

Sign E - Blue Dot - County Rd B Entrance Sign  
8' long X 2' high = 16 sq ft of sign area  
Overall height 4'  
Setback 15' from property line

Total 5 signs with 119.72 accumulative square feet. This property has 5 apartment buildings and 1 Clubhouse/Rental Office building. The main access entrances to the property are off of Sandhurst Dr. W and County Rd B W, with multiple private entrances off of Sandhurst and an additional private access off of County Rd B W.

We feel the proposed signage plan properly identifies the property, without being too overstated, and aids in proper traffic flow throughout the development. The client will also be adding Iron Mountain Flag Stone around the signage with additional minimal landscaping elements to further enhance the signage and property.

Please review the enclosed documents and let me know if you have any questions. We look forward to working with you on this and hope to hear from you soon.

Thank you,

Christi Schuda

  - b. **Location:** No freestanding sign shall be located closer than 5 feet to a property line, roadway easement, or other public easement. No freestanding sign shall be erected that, by reason of position, shape, or color, would interfere in any way with the proper functioning or purpose of a traffic sign or signal.
