

# Community Engagement Commission Agenda

Thursday, January 15, 2015

7:00 p.m.

City Council Chambers

- 7:00 p.m.      **1. Introductions/Roll Call**  
**2. Approve Agenda**  
**3. Approval of November 13th Meeting and December 8th Special Meeting Minutes**  
**4. Public Comment on Items Not on Agenda**
- 7:10 p.m.      **5. Discussion with City Manager Trudge on on:**  
a. Policy on Use of Commission E-Mail Addresses, and  
b. Resumption of Roseville University program
- 7:30 p.m.      **6. Old Business**  
a. Website Redesign Committee Recommendation on a Civic Engagement Module and Vendor for inclusion on the City website  
b. Commission Consideration of its December Joint Meeting with the Council  
c. Implementation Planning for Priority Projects for 2015  
    i. Assist and Encourage the Formation of Roseville Neighborhood Associations  
    ii. Host a conference on community engagement in Roseville  
    iii. Form a joint task force with the Planning Commission on notification issues and formats, and make recommendations  
    iv. Recommend an online civic engagement module for new city website  
    v. Involvement of Renters in Roseville Decision-Making and Civic Affairs in General  
    vi. Implementation of Other Strategic Recommendations  
        1. Low-Hanging Fruit  
        2. Other Recommendations
- 8:30 p.m.      **7. Chair, Committee, and Staff Reports**  
**8. New Business**  
a. Living Smarter Fair, February 21st  
b. Other New Business
- 9. Upcoming Items on Future Council Agendas**  
**10. Commission Communications, Reports, and Announcements**  
a. Minnesota League of Cities Conference on Community Engagement  
b. Other
- 11. Commissioner-Initiated Items for Future Meetings**  
**12. Recap of Commission Actions This Meeting**
- 9:00 p.m.      **13. Adjournment**

*Public Comment is encouraged during Commission meetings. You may comment on items not on the agenda at the beginning of each meeting; you may also comment on agenda items during the meeting by indicating to the Chair your wish to speak.*

*Be a part of the picture....get involved with your City....Volunteer. For more information, contact Kelly at [kelly.obrien@ci.roseville.mn.us](mailto:kelly.obrien@ci.roseville.mn.us) or 651-792-7028.*

Vice Chair Becker moved and Commissioner Ramundt seconded a motion to approve the October 9, 2014 meeting minutes as amended. **Motion passed unanimously.**

**4. Public Comment**

~~There was no public input.~~ There being no one present wishing to speak to the Commission on an item not on the agenda, the Chair moved to the next agenda item.

**5. Old Business**

- a. **2014 Policy and Strategic Recommendations for presentation to the Council**
  - i. **Final Review & Approval of Commission Recommendations**

Chair Grefenberg stated the major and most important item on the agenda was to finalize the policies and strategic recommendations to the Council. He noted ~~stated~~ he was not sure he got everything every change as ~~discussed in the recommendations~~ by the Commission, and would therefore like to review it ~~with the Commission~~ for their Commission corrections and comments. He indicated ~~the items in black he believed with little effort they could confirm.~~

E-Mail from Roseville Resident Lisa McCormick: ~~Chair Grefenberg stated~~ ~~said that~~ ~~late this~~ that afternoon he had received an email from Lisa McCormick with some suggested changes. He was not sure they could adequately review all of her McCormick's suggested changes, ~~but he wanted to~~ and distributed her changes, ~~to them.~~ ~~He noted~~ Lisa McCormick was the Chair of the Twin Lakes Neighborhood Association, ~~and was the woman who~~ had appeared before the Commission the previous meeting, ~~presented to them.~~

~~He indicated he had sent to her sections 8 and 9 a couple of weeks ago. He stated Ms. McCormick requested that he convey to them a couple of~~ some ~~concerns on behalf of the Commission~~ and then went through the McCormick. ~~He believed it would be best to go over her November 13<sup>th</sup>, 4:37 p.m. email,~~ a copy of which is attached and hereby made part of the record.

~~He noted she expressed her regrets at not attending and said~~ McCormick wrote that she, “I became aware that the City has a policy that they charge rental associations the amount of \$19.00 for room rental for any meetings,” which presented a significant obstacle for ~~organizing candidates.”~~ her neighborhood association. ~~The second point she raised was a~~ the point Chair Grefenberg felt was helpful, which was that at a recent candidates’ forum “All three City Council candidates that were re-elected spoke in favor of community engagement, ~~so I am~~ she ~~hoping to~~ hoped the Commission would forward a request to the Council that neighborhood associations ~~are~~ be allowed to use community rooms at City Hall at no charge.

91 | McCormick also noted Second, I haven't had a chance to thoroughly research it yet, but ~~that~~  
92 | during Monday night's City Council meeting, I she became aware of a new fee being proposed  
93 | to appeals of planning division decisions, and expressed I'm concerned that this might ~~have~~ be  
94 | ~~implications relating to seemingly deny~~ ing due process the right to appeal, but as I've said I  
95 | haven't had the opportunity to fully look into this but and wanted to bring it to the Commission's  
96 | your attention for future consideration. ~~Chair Grefenberg stated he was reading future~~  
97 | ~~consideration to mean this being up to this Commission if they wanted to take the first item,~~  
98 | ~~which was the fee charge for neighborhood associations. He believed there were ways the City~~  
99 | ~~could reinforce and the fee issue might be a specific one they may want to include in the~~  
100 | ~~recommendations. He believed there was too much for them to consider regarding the appealing~~  
101 | ~~a fee of the planning division.~~

102 |  
103 | Commissioner Kathy Ramundt ~~stated~~ said if they would consider this for the recommendations  
104 | they are making next Monday, she wanted to go with current Recommendation language and not  
105 | add any new items. what they have. She indicated this was not to say they wouldn't consider it  
106 | in the future, but she believed they needed to finish the current recommendations before them  
107 | and be done.

108 |  
109 | Chair Grefenberg stated he agreed they needed to move forward, but he thought the first one  
110 | McCormick concern ~~might be feasible.~~ could be considered, that is, charging neighborhood  
111 | associations for use of City Hall meeting space.

112 |  
113 | Commissioner Manke Agreed-agreed that they should go with what they had. She asked for  
114 | clarification of and wanted to know if the candidates for the City Council charged \$19.00 for the  
115 | room. ~~Chair Grefenberg responded he read that the~~ McCormick's reference to \$19.00 charging  
116 | for meeting space was for neighborhood associations or for candidates. ~~being charged for using a~~  
117 | ~~City Hall room.~~ Grefenberg responded that he believed Ms. McCormick was just making a  
118 | statement that all reelected candidates to the City Council spoke favorably of civic engagement  
119 | and that gave Ms. McCormick hope that the fee in question would be dropped for neighborhood  
120 | associations.

121 |  
122 | ~~Commissioner Manke stated she had gone out and looked, but could not find, that in almost all~~  
123 | ~~neighborhoods they were getting structures specifically for meetings but she could not find how~~  
124 | ~~much it cost to reserve those rooms and she believed this information should be posted~~  
125 | ~~somewhere. Chair Grefenberg responded they might want to take this under consideration. He~~  
126 | ~~stated in the most recent addition of the City news, there was a reference that they would be~~  
127 | ~~available for meetings, but whether there would be a fee or not was not listed. He stated in her~~  
128 | ~~neighborhood, construction just began on a park pavilion, but in his neighborhood, they did not~~  
129 | ~~have one. He~~ Grefenberg suggested they move on and take it into future consideration that  
130 | hopefully the ~~park pavilions/community centers~~ individual park buildings and space at City Hall  
131 | be available for no charge for to any neighborhood associations as recognized by the City.

132 |  
133 | ~~Chair~~ Commissioner Ramundt stated said the reason she believed they needed to discuss it  
134 | further was at what point ~~where~~ were you a neighborhood association versus were they just in the

135 process of forming the neighborhood association. ~~She believed they needed additional~~  
136 ~~discussion on this issue.~~

137  
138 Vice Chair Scott Becker stated he wanted to know more about this and the fee charged. Chair  
139 Grefenberg indicated it was clear that they should the Commission wanted to move on and if this  
140 came up again, they would have more information.

141  
142 Commissioner Ramundt ~~stated~~ said they could add this to the agenda for discussion next month.  
143 Chair Grefenberg stated because they would be meeting with the City Council next month, He  
144 also added it was his thought that they not have a regular meeting in December unless the  
145 Commission insisted upon it, but it could be discussed in January or February.

146  
147 **Resumption of Final Review of Commission Recommendations:** Staff Liaison Garry  
148 Bowman asked was it just the items in pink red that they wanted to discuss. Chair Grefenberg  
149 ~~agreed~~ indicated it was only those red items they wanted to discuss for future Commission  
150 discussion. He stated he would respond back to Ms. McCormick. ~~He stated for the record that~~  
151 ~~the Commission had received the email dated November 13, 2014 received at 4:37 p.m. from~~  
152 ~~Lisa McCormick.~~

153  
154 Chair Grefenberg stated on the draft -Commission Recommended Policies & Strategies it ~~took~~  
155 had taken him over 30 hours to review and revise, but he might have missed some things. He  
156 then reviewed with the Commission the draft 2014 Commission Recommended Policies and  
157 Strategies section by section. ~~On section 1, he believed this was what the Commission had~~  
158 ~~decided over the past two months. On section 2, he believed this captured all of their decisions.~~  
159 ~~On section 3, he asked if anyone had any questions.~~

160  
161 As to Section ~~On section 4, 4.1 b, this was where he believed he might have missed some things~~  
162 he asked the Commission to review the he asked the Commission – what their decision was  
163 regarding including the following language: ~~The area he was looking at was the first black area~~  
164 ~~on page 5:~~

165  
166 b) *Provide opportunities for City staff, council member, and commissioners to*  
167 *discuss key issues with citizens, including the City's progress on increasing civic*  
168 *engagement (such as occurred at the March 13, 2012 Task Force meeting with City*  
169 *Manager Bill Malinen and City Planner Bryan Lloyd).*

170  
171 Chair Grefenberg indicated this was set aside from a different workgroup than what they looked  
172 at and it was here because he did not believe it was missed. He Grefenberg suggested if they the  
173 Commission wanted to include it, they revise it as follows:

174  
175 b) *Provide opportunities for City staff, council member, and commissioners to*  
176 *discuss key issues on the with citizens, including the City's progress on increasing civic*  
177 *engagement (such as occurred at the March 13, 2012 Task Force meeting with City*  
178 *Manager Bill Malinen and City Planner Bryan Lloyd).*

179

180 ~~Chair Grefenberg moved and Vice Chair Becker seconded a motion to include b) in black ink on~~  
181 | ~~as revised above.~~ page 5 to read:

182

183       ~~b) — Provide opportunities for City staff, council member, and commissioners to~~  
184       ~~discuss key issues on the City's progress on increasing civic engagement.~~

185

186 Vice Chair Becker ~~stated~~ indicated he had no objection to it ~~on the face of it, but he asked if they~~  
187 the same statement had ~~it~~ been made somewhere else such as the encouragement of ~~where they~~  
188 ~~were encouraging town hall-style meetings.~~

189

190 Commissioner ~~Theresa Gardella stated~~ said she viewed this as falling she saw this under 1 b)  
191 *The City Council should host hold one regularly scheduled town-hall style meeting each year,*  
192 *with topics solicited from the eight City commissions.*

193

194 ~~Chair Grefenberg stated~~ responded that these strategic statements ~~were they had something~~  
195 similar, but not identical. The difference with the revision was to provide opportunity for City  
196 staff, council members, and commissioners (which was them) to discuss key issues on the City's  
197 progress on increasing civic engagement; that was the distinction in his mind.

198

199 ~~Vice Chair Becker asked wouldn't such a meeting be hosted by their Commission so if there was~~  
200 ~~an item in there for Commissions to have that style of meeting then they would do that style of~~  
201 ~~meeting. He wanted to confirm that was in there.~~

202

203 Commissioner Ramundt asked if they needed ~~it~~ this additional recommendation at this point.  
204 She noted ~~they~~ the Commission now had a lot of recommendations before it. ~~She believed this~~  
205 ~~was kind of vague. She stated at this point they should leave it out.~~

206

207 Commissioner Gardella agreed and believed it was their intent to find a lot of different ways for  
208 council members, staff, and commissions to be in the community.

209

210 Chair Grefenberg stated he heard their point, but he had raised it because this recommendation  
211 had been overlooked in the Commission's prior review. ~~they had not discussed this. He~~  
212 indicated unless there was an objection or any further discussion, he ~~understood this should be~~  
213 | would withdraw his motion. There being no objection, h ~~He stated~~ indicated item -b) would be  
214 deleted.

215

216 Chair Grefenberg stated under 4.3 *compile and publish a directory of existing resources...*, he  
217 also could not find any discussion on that. He stated he asked if the Commission wanted to  
218 include it or delete it.

219

220 Vice Chair Becker ~~agreed and~~ recommended they add this to the short list of topics to discuss  
221 review once the website was live and ~~they were going to talk~~ the Commission had further  
222 discussions about what ~~the~~ its content ~~should be.~~

223

224 ~~Vice Chair~~ Becker moved and ~~Commissioner~~ Manke seconded to have this item to for further  
225 review when they addressed ~~the issue of~~ the City website. **Motion passed unanimously.**

226  
227 Chair Grefenberg ~~stated~~ continued that ~~under~~ in Section 5 he could not find anything missing.  
228 He asked the Commission if anyone saw anything ~~that was~~ missing or disagreed with ~~something~~  
229 any of the language. No questions or objections were raised.

230  
231 Chair Grefenberg stated under Section 6, Enhance Website and Electronic Communications, his  
232 ~~own personal~~ opinion was that they didn't need the rationale under Policy 6.1, since the  
233 Commission had earlier deleted the two recommendations under that rationale. He indicated  
234 ~~they had deleted a~~ and b. He asked if they the Commission should delete the rationale agreed  
235 with this deletion. **There being no objection the Chair ruled it was the Commission's**  
236 **consensus to delete the rationale and the words *We recommend the City.***

237  
238 ~~Chair Grefenberg stated under 6.2 that was the only item that appeared to be missing, but now it~~  
239 ~~had been considered.~~

240  
241 Chair Grefenberg stated under Section 7 he could not find any prior Commission discussion or  
242 action on d), *Encourage staff to consult with community and neighborhood leaders on issues*  
243 *critical to Roseville's development.*

244  
245 Commissioner Ramundt stated ~~it~~ that Recommendation 7.1 d looked ~~like it was~~ very similar to  
246 ~~the one above it~~ Recommendation 7.1.d, with one saying *communicate* and the other saying  
247 *consult*. She believed d) should be deleted. **There being no further discussion or objection,**  
248 **the Chair ruled it was the consensus to delete d) and renumber accordingly.**

249  
250 ~~Chair Grefenberg stated under section 7.2 he believed this incorporated everything they~~  
251 ~~discussed.~~

252  
253 As to Section 8, Foster and Support Vibrant Neighborhoods, Chair Grefenberg stated  
254 acknowledged receiving ~~under section 8 they had received some comments~~ on this section from  
255 resident Lisa McCormick, and noted that the Commission had already discussed them and  
256 decided to defer consideration to a future date. ~~looking at what they have done under section 8~~  
257 ~~had they missed anything or any changes to recommend.~~

258  
259 Chair Grefenberg ~~stated under~~ commented that Section 9, Improve the Notification Process, this  
260 was the hardest one section to finalize since and there were a couple of things some items which  
261 he was not sure of whose resolution by the Commission was not clear. ~~he was not sure of.~~

262  
263 Grefenberg referred the Commission to ~~The one item was on~~ 9.1.a and b, on page 12. These  
264 items related to Open Houses organized by city zoning officials. He stated he handed out at their  
265 last meeting in October and he handed out a revision to that handout and make a change  
266 congruent with what the Planning Commission adopted. He stated he could not find that he dealt  
267 with a, which would be 9.1.c. He noted they discussed at the meeting but never took action on  
268 9.1.b that he could find. He stated the distinction was when he attended the Planning

269 Commission meeting as a representative of this Commission he brought this to their attention.  
270 He noted during the course of their discussion they came up with the summary column. They  
271 were of the opinion that they didn't like the idea of all of the open houses because this would be  
272 approximately 50 open houses, which would be 50 nights for staff. He was pleased with the  
273 cooperation and he believed this was a small feather in the Commission's cap that they agreed.  
274 For the time being, he suggested dropping the reports on the open houses and adopt 9.1.b  
275 deleting the item deleted in red on the left column to simply it. He recommended they adopt  
276 9.1.c in the handout with the deletion.

277

278 **Chair Grefenberg moved and Commissioner Gardella seconded a motion to adopt 9.1.c in**  
279 **the handout with the deletion.**

280

281 Commissioner Ramundt ~~stated~~ asked if the motion they would take out 9.1.b a) and b) and  
282 replace it with 9.1.c in the bench handout. Chair Grefenberg responded that her understanding  
283 was correct.

284

285 **Motion passed unanimously.**

286

287 Chair Grefenberg stated looking at the rest of section 9 he could not find anything else. He  
288 indicated under section 10, this was the placeholder as discussed before. He did not see anything  
289 on this section either.

290

291 He asked for a motion to approve the recommendations as amended.

292

293 **Vice Chair Becker moved and Commissioner Ramundt seconded a motion the**  
294 **recommendations as amended. Motion passed unanimously.**

295

296 Vice Chair Becker thanked the Chair ~~Grefenberg~~ for this work on these recommendations.

297

298 **ii. Determination of Priority Projects for Council Review**

299

300 Vice Chair Becker stated the Operations Committee met and ~~tried to come up with~~ had  
301 considered how the commissiony could tackle a lot of the priorities early on, ~~and~~ how they could  
302 drive fast engagements, and what they could get accomplished in a year. His thought was that  
303 the first things they should do ~~was the~~ engagement infrastructure so as to ~~and~~ set in place  
304 items that could be both done within a year and, scaled, carried forward ~~and get done within a~~  
305 year thereafter.

306

307 Becker noted the priority items for presentation would be: Item #1 would be *to assist and*  
308 *encourage the formation of neighborhood associations*. Item #2 would be the 2015 Conference  
309 on Community Engagement in the City, which would give them an opportunity for them to learn.  
310 He noted they were not the first City to do this community engagement and he wanted to get  
311 those people in to find out what worked and did not work for them. Item #3 was the joint task  
312 force with the Planning Commission on Notification Issues/Formats. Item 4 was Civic  
313 Engagement Module for the City's new website. Item #5 was Council Priorities and Emerging

314 | Opportunities. He stated there would be issues that came up where ~~their~~ the commission's input  
315 | would be needed and some capacity needed to be reserved for these issues.

316

317 | Commissioner Gardella stated she believed this was an attempt to balance the need to get out  
318 | and do things and get stuff moving as well as a build some infrastructure that could be put in  
319 | place for the future. She noted because this was a year in scope, some items were not on this list  
320 | but that did not mean they wouldn't be addressed, or couldn't be addressed in 2015, depending  
321 | what emerges. It would be important for the Commission to ~~that could be discussed in the future,~~  
322 | and they needed to remain open and flexible.

323

324 | Chair Grefenberg stated for example they had adopted a comprehensive set of recommendations,  
325 | ~~and~~ which would prove useful; for example, if Council decided they wanted to look at providing  
326 | email addresses of Commissioners ~~they had~~ there was a recommendation ~~for~~ on that issue. If  
327 | ~~they~~ the Council wanted to look at the Uniform Commission Code (UCC) for Commissioners  
328 | missing ~~ed~~ meetings, they had a recommendation on that and in some instances a rationale. He  
329 | concluded by advising the Commission that ~~stated~~ their priorities were not only decided by them  
330 | but also by the Council.

331

332 | Vice Chair Becker stated this allowed them to handle one off items as well and could be  
333 | addressed directly, but this was their attempt to say absent a one off item, this was their attempt  
334 | to focus on some particular activities.

335

336 | Chair Grefenberg stated he believed it would be deadly at a Council meeting to go through  
337 | everything in detail due to time constraints. He did not believe they could go line by line with  
338 | the Council.

339

340 | Commissioner Manke asked if it was their intent to submit the packet with changes and to  
341 | recommend the five items. Commissioner Gardella responded the five items would be priorities  
342 | for the coming year, but they were ~~making~~ presenting the entire packet as the Commission's  
343 | recommendations but focus on the five items.

344

345 | Chair Grefenberg stated in their presentation they would devote more time to these priorities  
346 | since they had limited time.

347

348 | Commissioner Manke asked if they stated they would be putting forth some strategic plan for the  
349 | Council, along with their ~~recommend~~ five priorities ~~items, but would they be putting forth some~~  
350 | ~~strategic plan forth to the Council~~. She asked what they would be asking the Council to do.

351 | Chair Grefenberg responded one ~~could~~ couldn't tell the Council how to respond, but they would  
352 | give Council the detailed recommendations. ~~He stated the final version would probably say at~~  
353 | Unless the Council disagreed, the Commission would proceed with implementing the  
354 | recommendations over the next few months. He Grefenberg ~~stated~~ said the Council usually did  
355 | not take formal action such as ~~would did not make~~ a formal resolution but rather would ~~make~~  
356 | achieve a general consensus.

357

358 Commissioner Manke asked will the rest of the Commission be able to see the presentation  
359 ~~being proposed~~ prior to it being presented to the Council. Chair Grefenberg responded that was  
360 what was next on the agenda for the Commission's consideration, but he wanted to see if there  
361 was concurrence with ~~what they had~~ the Recommended Priority Items for Presentation to the  
362 Council, as found in the Commission's meeting packet.

363  
364 Commissioner Jonathan Miller believed they were great and he believed a rather large document  
365 was distilled into achievable items.

366  
367 Commissioner Ramundt asked if they had examples of other Cities in the area close to  
368 Roseville's size that had strong neighborhood associations. Chair Grefenberg responded yes, in  
369 the affirmative, ~~noting it depended on the size of the City~~. He indicated Edina was larger than  
370 Roseville, but they had good neighborhood associations, as ~~does~~ did St. Louis Park. He stated  
371 of course there were the large cities that had ~~good~~ neighborhood associations also.

372  
373 Commissioner Ramundt stated she was interested in cities of Roseville's size. She stated her  
374 concern was that it was difficult to get people engaged in basic things so how would they get  
375 them involved to set up a neighborhood association and would they sign up for a neighborhood  
376 association. She asked if this would be the best use of their time, but if others wanted to she  
377 would be willing to explore this, but she didn't think it was their number one priority. She asked  
378 if they have heard from ~~the~~ residents that people want neighborhood associations but don't know  
379 how to do them. Chair Grefenberg responded yes-in the affirmative. He indicated ~~they~~ he had  
380 heard from various neighborhoods.

381  
382 Commissioner Ramundt noted she was not talking about the people who had already indicated  
383 they wanted a neighborhood association, but rather the people outside of those neighborhoods.

384  
385 Chair Grefenberg responded he did not know. He noted that the objective ~~it~~ was not just the  
386 formation of neighborhood associations, but ~~it was~~ how ~~they~~ to integrate neighborhood  
387 participation into City Hall culture and ~~how involved they were in the City~~ decision-making. He  
388 believed that the how-more active the three current Roseville neighborhood associations are, the  
389 more ~~that~~ would come forward. He indicated that this initiative was ~~it was~~ not just focused ~~to~~ on  
390 forming new ones, but it was to make sure they were relevant to City Hall and government  
391 decisions.

392  
393 He Grefenberg believed the ~~whole~~ thrust of this initiative was to involve people and residents,  
394 and ~~this~~ neighborhood associations ~~was~~ were one way. He stated the numbered listing 1-5 on  
395 the November 6 memo entitled *Recommended Priority Items...* was not meant to be the order of  
396 priority. ~~He indicated this was one area where people had responded.~~

397  
398 Commissioner Gardella wondered if the word *encouraged* implied a more proactive position on  
399 the part of the Commission, as opposed to was an implied statement of belief that the existence  
400 of neighborhood associations mean more engaged and they were encouraging it so there would  
401 be different types of activities to encourage this rather than just waiting for those who are  
402 interested ~~em~~ to come to the City and say they were interested. ~~Chair Grefenberg responded that~~

403 was what he had spent 20 hours a week doing. He Grefenberg noted there were people residents  
404 out there interested in neighborhood associations, and there were another two groups recently-  
405 established groups. He ~~believed people were interested~~. He asked if they should change the  
406 word encouraged.

407  
408 Commissioner Gardella stated she was not questioning the word encouraged. She was noting  
409 ~~that saying it was an interesting and good choice of words and it was a good one in that~~ it  
410 implied a proactive position and not just waiting for people to come and ask for assistance.

411  
412 Chair Grefenberg stated this document was not an order of priorities, but did they want to  
413 recommend these items for presentation and then move on to format and how it is done.

414  
415 **Commissioner Gardella moved to approve these as the recommended priority items for**  
416 **presentation to the Council. Becker seconded the motion. The Motion passed**  
417 **unanimously.**

418  
419

### 420 **iii. Discussion of Format for Joint Meeting with Council**

421

422 Chair Grefenberg ~~stated~~ said he spoke with the Mayor ~~called him last night~~ and ~~informed~~ asked  
423 him ~~that he was not sure~~ if the ~~presentation~~ joint meeting would be December 1 or December 8.  
424 He noted December 1 was the Truth and Taxation Hearing and at the last Council meeting ~~on~~  
425 ~~Monday~~ a lot of items were deferred to December 1.

426

427 Chair Grefenberg ~~stated~~ also reported he had expressed to the Mayor that ~~they~~ the Commission  
428 wanted some interaction and would therefore like 20 to 30 minutes ~~to~~ for presentation and  
429 discussion. He indicated the Mayor will discuss with staff what time they could appear, but  
430 wanted to know who could attend. He believed the more Commissioners ~~there were there~~  
431 present, the better it would be.

432

433 He Grefenberg then asked who could not make it on December first. Commissioner Ramundt  
434 indicated she could not make that date. Chair Grefenberg then ~~asked~~ polled who would not  
435 make it on December 8. No one indicated they could not make it ~~on~~ December 8.

436

437 Chair Grefenberg stated the preference would be on December 8, but if necessary they could do  
438 the December 1. With respect to the format, he believed they had the main priority items  
439 previously approved and it was a simple thing to go around and introduce themselves. Then they  
440 would begin with priority items 1-5.

441

442 As to who would initiate the discussion, he ~~stated~~ indicated he would like to do ~~item~~ Priority #1  
443 and suggested Commissioner Gardella and Commissioner Ramundt do ~~item~~ Priority #2. He  
444 stated he was only going by what he saw on the Excel sheets' and individual expressions of  
445 interest, and ~~He indicated this came largely out of one of their~~ the individual workgroups. He  
446 stated for Item 3, later on in the agenda was going to ask if they want to form a task force on this,

447 but he asked if there was anyone else interested in this item. He stated he was, but was there  
448 anyone else.

449

450 Commissioner Gardella recommended Chair Grefenberg could do that one and give someone  
451 else the neighborhood formation. Chair Grefenberg stated his priority would be neighborhood  
452 formation.

453

454 Chair Grefenberg stated item 4, should be Commissioner Miller and Vice Chair Becker. He  
455 stated what he was talking about was the person to initiate the conversation on these points, but  
456 he encouraged others who may have comments or qualification to follow-up. He was not talking  
457 about one person doing all of the talking.

458

459 Commissioner Ramundt stated they have 4 maybe 5 minutes per topic so she believed if one  
460 person talks representing them the time would be filled, but if someone wanted to make a  
461 comment they could. She noted the time would go very fast.

462

463 Chair Grefenberg stated he wanted to make it clear that the presenter would initiate the  
464 conversation and if the Council asked questions, everyone could respond being aware of the  
465 limited time. He stated Council might find that they wanted to go beyond the time, but that  
466 would be up to them.

467

468 Commissioner Gardella recommended that they ask the Commissioners whether they like to  
469 present. She stated some might be more interested than others to do the presentations on a  
470 particular topic. She stated just because she was on the workgroup did not mean she had to be  
471 the one to present. Chair Grefenberg pointed out if Commissioner Ramundt was not there on  
472 December 1, there would need to be someone else presenting.

473

474 Commissioner Ramundt stated she believed Chair Grefenberg was assuming people would want  
475 to present on various topics, but maybe it might be a good idea to just ask if they wanted to  
476 present. Chair Grefenberg noted she had requested at the last meeting to look at the [expressions  
477 of interest rates found in last summer's Excel print-outs](#) which was what he did, ~~which was why  
478 he came up with what he did.~~

479

480 ~~Chair Grefenberg asked who wanted to do item 1.~~

481

482 Commissioner Manke asked they had five items and they were asking people to present, but  
483 what are they presenting. She believed one person, the Chair, should submit the information.  
484 She asked if people who presented were responsible for coming up with the presentation other  
485 than the list that was provided. Chair Grefenberg responded his recollection was if they had 20  
486 minutes, this was [only](#) about 5 minutes. ~~each so basically the person who discussed number 1  
487 initiated the discussion by going back to the major neighborhood association recommendations,  
488 looking at the rationale and just be comfortable and say that they believed it was important that  
489 the City integrate the current neighborhood associations and encourage others and then cite a few  
490 recommendations and ask the Council if there were any questions.~~

491

492 | Commissioner Gardella recommended that they present the recommendation, along with the  
493 rationale and let the Council ask questions. ~~ere was a rationale for each of them and that the~~  
494 ~~rationale was dated and that was why they were putting it forward.~~ Chair Grefenberg stated the  
495 rationales were in the packet.

496  
497 Vice Chair Becker stated there would be introductions and somehow the discussion would need  
498 | to be kicked off. It seemed to him that the discussion should be kicked off by what they had  
499 done so far culminating in the packet of information and the priorities that were reached and then  
500 they go into discussion of each item 1-5 highlighting the actual report. He did not believe they  
501 were presenting a PowerPoint presentation.

502  
503 Staff Liaison Bowen stated they were probably going to request the Council accept their report.

504  
505 Commissioner Manke stated someone had to actually create a report that they would have right  
506 in front of them. Her suggestion would be that this report be provided to the presenter in  
507 advance so they had the opportunity to read it.

508  
509 Chair Grefenberg stated he understood they would send what they had already approved to the  
510 Council and then at the presentation they would introduce themselves; give a brief summary of  
511 the work which they had done before; then initiate discussion and ask either at each point or at  
512 the conclusion for the Council's concurrence or acceptance.

513  
514 Vice Chair Becker stated he did not believe there was additional presentation material that  
515 | needed to be presented. ~~He indicated additional content would not be necessary.~~

516  
517 Chair Grefenberg stated now that this had been approved, they could get this to the Council  
518 early. Staff Liaison Bowman stated the information needed to get given to the Council no later  
519 than Wednesday.

520  
521 Chair Grefenberg suggested having it included in the Council pre-packet. Vice Chair Becker  
522 stated the information would be in the packet as well as distributed ahead of time.

523  
524 Chair Grefenberg asked if someone wanted to volunteer to initiate the discussion on these points.  
525 He asked if Vice Chair Becker and Commissioner Miller were comfortable doing this.  
526 Commissioner Miller responded he would like Vice Chair Becker to take the lead on the  
527 presentation. ~~Vice Chair Becker responded that was fine.~~

528  
529 Chair Grefenberg asked if Commissioner Gardella and Commissioner Ramundt were willing to  
530 do item 2. Commissioner Ramundt stated she would support Commissioner Gardella, but she  
531 could not make the December 1 meeting.

532  
533 Commissioner Gardella stated if it was on the 1<sup>st</sup> she would do it, but if it was on the 8<sup>th</sup>, she  
534 would like Commissioner Ramundt to do it, but they would decide that among themselves.

535

536 Chair Grefenberg asked if someone wanted to volunteer for 3. He stated he would do it if no one  
537 wanted to volunteer.

538

539 Commissioner Manke asked which group specifically worked on it. Chair Grefenberg  
540 responded the Operations Committee had worked on it.

541

542 Chair Grefenberg stated he would initiate the discussion on number 3. He stated he would be  
543 willing to help someone prepare the presentation on number 3.

544

545 Commissioner Desiree Mueller stated she was not passionate about it and would not do it justice.

546 Commissioner Manke stated she was not as familiar with it.

547

548 Chair Grefenberg stated if someone else wanted to take the summary piece, that was okay with  
549 him and it didn't need to be him.

550

551 Commissioner Gardella asked if Council needed to know the process. Staff Liaison Bowman  
552 believed it would be good to give an overview of the process and the Commission's activities the  
553 last six of so months.

554

555 Chair Grefenberg asked if someone wanted to do an overview. Commissioner Gardella stated  
556 she did not believe it would ~~be very long~~ take much time.

557

558 Commissioner Ramundt stated unless someone wanted to do it, to let Chair Grefenberg do the  
559 overview. She asked if anyone wanted to do it.

560

561 Theresa Gardella ~~stated they would~~ volunteered to do the overview.

562

563 Chair Grefenberg stated he would do items 1 and 3. He indicated Item 2 would be  
564 Commissioner Gardella and Commissioner Ramundt. Item 4 would be Commissioner Miller  
565 and Vice Chair Becker. Item 5 Council would do.

566

567 Chair Grefenberg asked if anyone would want a PowerPoint presentation. Vice Chair Becker  
568 stated he did not see a need for a PowerPoint presentation.

569

570 Commissioner Mueller believed it would be better not to use a PowerPoint as there would be  
571 more than one person presenting.

572

573 **iv. Discussion on the Forming Certain Task Forces to Assist the Commission in**  
574 **Implementing its Recommendations**

575

576 Chair Grefenberg stated he believed that this issue of a task force had already been covered when  
577 the Commission approved task force language under the Zoning Notification section of they  
578 have already done this. He believed it ~~would be helpful to him~~ would expedite the process if  
579 ~~they~~ the Commission now asked for volunteers to do a similar ~~neighborhood association~~ task  
580 force on neighborhood associations; he noted that several residents had already volunteered their

581 services. The volunteer appeal would be achieved through the offices of the City's ~~He knew~~  
582 ~~Lisa McCormick and Sherry Sanders had already volunteered.~~ He suggested the volunteer  
583 coordinator ~~or~~ and they use their the Commission's email lists ~~to ask for volunteers.~~

584

585 He Grefenberg asked if any Commissioner other than him who wanted to be on the  
586 neighborhoods and neighborhood association task force ~~except for him.~~ He stated the purpose  
587 for this would be to involve residents in this initiative unless the Council at its upcoming joint  
588 meeting with the Commission responded negatively to this approach. Such a ~~He wanted~~  
589 ~~approval to set up a~~ neighborhood association task force ~~to~~ would be comprised of  
590 Commissioners and residents at large who would volunteer.

591

592 **Chair Grefenberg moved and Vice Chair Becker seconded a motion** to authorize the  
593 formation of a neighborhood association task force composed of Commissioners from this  
594 Commission as well as resident volunteers whose appointment would be discussed at a future  
595 meeting.

596

597 Commissioner Manke stated she wanted to wait on this because she wanted to see where the  
598 Council was at. She stated they might have emerging opportunities that might be more  
599 interesting to Commission members that they don't know about.

600

601 Chair Grefenberg stated part of his motivation as to avoid a December meeting since they would  
602 already be meeting once in December with Council.

603

604 Commissioner Manke stated this did not say Chair Grefenberg couldn't do behind the scenes  
605 research and present that at a later date.

606

607 Commissioner Ramundt asked what other Commissioners wanted to serve on the task force. She  
608 did not know if Chair Grefenberg wanted to lead another task force.

609

610 Commissioner Manke stated there was another issue she wanted to bring forth but wanted to get  
611 this moving forth and done later. She stated she wanted to head up that one, but not this one.

612

613 Commissioner Gardella stated she was not able to do it. Vice Chair Becker-Miller stated he was  
614 more focused on the community engagement module ~~thing.~~

615

616 Commissioner Mueller stated she did not have the background to lead that. Commissioner  
617 Ramundt stated she had something else she was interested in.

618

619 Chair Grefenberg asked if they should resolve it this way – depending upon Council reaction  
620 they would not at this time formally authorize the formation of this task force but he would  
621 continue to see if there were residents who would be interested in serving.

622

623 Commissioner Ramundt stated he needed to find out who was interested and dedicated and  
624 wanted to take on the leadership of the task force. She asked would it need to be someone from  
625 the Commission to lead it.

626  
627 Chair Grefenberg stated he believed the task force ~~would~~ could be appoint their own leadership,  
628 but he understood the Commission wanted to appoint the leadership.

629  
630 Commissioner Ramundt responded if a lead was not appointed, it would fall to Chair  
631 Grefenberg, and she did not believe he wanted to take on another leadership role in a task force.

632  
633 Chair Grefenberg ~~believe~~ responded that it appeared the consensus was to hold approval on this,  
634 but there would be no problem with him finding someone to lead it.

635  
636 Commissioner Manke stated she wanted to see everything they had already started completed  
637 and then start with their next phase and at that time she could bring up what she was working on.

638  
639 Vice Chair Becker asked if they needed to formally form the City Zoning Notification Task  
640 Force ~~or did they want to wait to see what Council said or if it was a council action that formed~~  
641 the task force. Chair Grefenberg stated that in consultation with the Mayor, he did not believe  
642 that forming the task force required a council action and it was thus preferable for the CEC and  
643 the Planning Commission to form the task force, and they would wait for Council's input.

644  
645 Chair Grefenberg stated if Council wanted to form it, they could do that and they made their  
646 advice clear.

647  
648 **1) Other**

649  
650 Nothing was discussed.

651  
652  
653 **b. Final Talking Points Revisions**

654  
655 Chair Grefenberg stated the Commissioners were being handed the Talking Point handout, which  
656 should be made a part of the Minutes.

657  
658 Talking Points

659  
660 Q: What is the Community engagement commission?

661  
662 We are a newly formed commission with 7 volunteer commissioners all from the City of  
663 Roseville.

664  
665 We serve in an advisory capacity to the City Council, making recommendations and suggesting  
666 strategies to strengthen ~~Our function is to~~ citizen involvement and encouraged a stronger sense of  
667 community among residents.

668  
669 Our work will include ALL residents – seniors, businesses, youth, etc. – with particular attention  
670 paid to those most underrepresented in Roseville's civic and community life.

671  
672  
673 I think statements such as, “develop a process” and “establish partnerships,” etc. go beyond our  
674 scope as “advisors.” We could “recommend a process” and “recommend/encourage  
675 partnerships” but the action is not ours to take. This is my interpretation of our role, but maybe it  
676 needs to be a point of clarification at the next Commission meeting.

677  
678 ~~Develop a process and a culture that encourages city government, residents and neighbors to~~  
679 ~~work more closely together.~~

680  
681 ~~We will identify and establish partnerships and alliances with business, government, education,~~  
682 ~~neighborhoods and other civic groups that are productive and mutually beneficial to our~~  
683 ~~community.~~

684  
685 ~~We will develop strategies for engagement, civic communications and volunteerism, serving~~  
686 ~~advisor to the City Council on behalf of its stakeholders.~~

687  
688 ~~We will develop creative and inclusive ways to involve all of Roseville in civic governance.~~

689  
690 Commissioner Manke stated they had come up with Talking Points and at a [previous](#)  
691 [Commission](#) meeting they had some conversation about refining the wording and Commissioner  
692 Gardella had some great recommendations so she helped with the wording. She stated he liked  
693 the wording as it was extremely simple asking the one question as to what is the Community  
694 [Engagement Commission](#).

695  
696 Chair Grefenberg stated this was a recommendation to review and adopt the talking points as  
697 listed in the handout.

698  
699 The Commissioners stated they liked the Talking Points.

700  
701 Chair Grefenberg asked if there was any objection to adopting this by consensus. He ruled they  
702 were adopting the Talking Points as distributed by consensus.

703  
704

## 705 **6. Chair, Committee, and Staff Reports**

706  
707

### 707 **a. Chair’s Report (~~Chair Grefenberg~~)**

#### 708 **i. Collaboration with Planning Commission**

709

710 Chair Grefenberg stated he had prepared [his](#) report on a couple of [covered several issues in](#)  
711 [response to the charges given to the Commission by the Council](#). One of the charges was to  
712 review and recommend opportunities to collaborate with neighborhood, community, reeducation,  
713 business, and social services groups, and organizations. One of their charges [Another](#) was to  
714 review and recommend ways to improve the City’s public participation process and policies,  
715 identify under-represented groups, remove any barriers, and engage and promote increased

716 participation of all residents (both homeowners and rental populations), businesses, and  
717 community and neighborhood organizations. ~~He stated he had been doing some of this work~~  
718 ~~individually and had been doing it as Chair of the Commission and he wanted the Commission to~~  
719 ~~know that.~~

720

721 He Grefenberg stated noted that attached to his report was an October 9<sup>th</sup> email from Chong  
722 Vang of the Karen Organization of Minnesota (KOM), ~~pointing out on~~ the eviction of a couple  
723 of several Karen Organization families from apartments near Larpenteur and Rice. He stated  
724 indicated he had assisted the KOM in ~~basically he made sure~~ sending their communications to  
725 the appropriate persons in the City. ~~who send this concern to.~~ He stated indicated he wanted the  
726 Commission to know about his activities because that and he believed this was part of the  
727 Commission's work, but if they disagreed he wanted to know that.

728

729 Chair Grefenberg's stated Report also covered his work assisting in the formation of a new  
730 neighborhood association in ~~the other thing was the Roseville Neighborhood Associations, which~~  
731 ~~he had already expanded upon previously.~~ He stated ~~the recommendation had already been acted~~  
732 ~~upon and not adopted.~~ He also volunteered that he had personally begun an effort to collect  
733 ~~stated when he raised this and he has not had the opportunity to check this out with the~~  
734 ~~Operations Committee, but he had been through the neighborhood next door and his~~  
735 ~~neighborhood asking if they wanted to donate~~ household goods through his NextDoor network.  
736 ~~and he had collected TV sets and microwaves.~~ He stated ~~asked he would be more than happy to~~  
737 ~~see if there would be someone on the Commission in~~ to coordinate the collection and distribution  
738 of household goods for ~~current~~ Karen families. There was an organization that would  
739 distribute it, but someone needed to help organize this. He noted ~~this could be a volunteer~~  
740 ~~coordinator also.~~ He wanted ~~them to be aware that he was doing this and would continue to do~~  
741 ~~this but wanted to give someone else the opportunity to do this also.~~ He wanted to know if the  
742 ~~Human Rights Commission wanted to join the effort also.~~

743

744 Commissioner Manke stated she knew that Corpus Christi Church dealt with the Karen  
745 Community a lot also and she did not know if they needed to be involved with this. She stated  
746 each of us were involved in each of their own things.

747

748 Chair Grefenberg stated he would welcome anyone's involvement. Commissioner Gardella  
749 suggested that since this wasn't a Commission project, those interested in helping so this didn't  
750 stay as part of a Commission project, that they talk to Chair Grefenberg after the meeting.

751

752 ~~Chair Grefenberg stated he would leave this just as an expression of interest and they were aware~~  
753 ~~that he was helping Karen.~~

754

755 ~~Chair Grefenberg asked Commissioner Manke if he would make a connection with the church~~  
756 ~~and work through him.~~

757

758 Commissioner Ramundt stated ~~it was difficult to be put on the spot.~~ she believed this was  
759 important and ~~should~~ could be something they were interested in, but they needed more time to  
760 decide how they wanted to be involved considering they just found out about it at this meeting,

761 especially ~~She stated they needed time to decide these types of commitments after looking at~~  
762 ~~what they the Commission were was already committed to and the time involved. She indicated~~  
763 ~~she didn't want it to appear that this was not due to a lack of interest or a willingness to help, but~~  
764 ~~they just needed additional time to consider this.~~

765

766 **ii. Other Items**

767

768 There were no other items brought up.

769

770 **b. Discover Your Parks Committee**

771

772 Commissioner Desiree Mueller stated ~~they~~ she and fellow committee member Kathy Ramundt  
773 had touched on this a few times over the past several months so she didn't want to take up a lot  
774 of time on this, but it was a nice opportunity for them to engage with members of their  
775 community face-to-face without an agenda. She stated said they had received great feedback  
776 from people park participants including doing an organized walk throughout the neighborhoods  
777 and parks, which would be nice to look at. She recommended they look at these types of  
778 suggestions and see if they could be implemented. She noted Coffee in the Park was another  
779 suggestion made.

780

781 She Commissioner Mueller stated observed that people were a little hesitant at first, but once  
782 they she and Kathy ~~has~~ had a Community Engagement sign ~~and~~ to identify themselves, that  
783 opened up the lines of communication. ~~as well.~~ She believed people seemed more willing to  
784 share more information, background, and ideas once they realized they were volunteers from the  
785 community who ~~were engage in the community and~~ wanted to foster growth and connections.  
786 She ~~and Ramundt~~ stated ~~they~~ had received some contact information from people; ~~and~~ once the  
787 website was up ~~and they had a way to communicate to~~ would send these citizens an email and  
788 tell them how they could sign up through the City's website.

789

790 Staff Liaison Bowman stated this would be an opt-in system. Commissioner Mueller believed  
791 they should reach out to these people.

792

793 Vice Chair Becker asked how many email addresses did they have. Commissioner Mueller  
794 responded 30 to 40 emails; ~~and~~ some had expressed interest in receiving information from the  
795 Commission, but not necessarily from the City in general.

796

797 Staff Liaison Bowman noted the website could do this now also. He asked them to send him an  
798 email so he could run it by staff.

799

800 Commissioner Ramundt stated she wanted to wait until they had the Community Engagement  
801 page on the website done so they had a specific area they could look at. She believed it would be  
802 important to reach out to these people after the website was fully functional.

803

804 Commissioner Mueller stated they ~~could~~ would not send something out without the Commission  
805 and/or staff's input. Staff Liaison Bowman stated they ~~have had~~ some concerns had been  
806 expressed by the Council and City Manager regarding the collection of emails.

807

808 Commissioner Ramundt ~~stated her idea was to send out one email telling the people that the~~  
809 ~~website was up and it was up to them to opt in and then they could destroy the email list if they~~  
810 ~~wanted. She noted the Council concerns were not expressed until after they had already~~  
811 collected the email addresses.

812

813 Chair Grefenberg requested the email addresses be now sent to Staff Liaison Bowman.

814 Commissioner Ramundt stated she did not want to do that because they had said the email  
815 addresses would not be given to the City.

816

817 Commissioner Ramundt stated they had the email addresses, which they were not using; they  
818 | had a plan in place for when the website-civic engagement module was available they would  
819 draft an email and run it by Pat and the Commission. She stated they would not start sending out  
820 emails and that was not the intent of collecting them.

821

822 ~~Chair Grefenberg stated it would take time to get the emails input into the system so the easy~~  
823 ~~way would be to send the email list to Staff Liaison Bowman who would not use it until the~~  
824 ~~appropriate time. Commissioner Ramundt stated they told the Commission that when they~~  
825 ~~collected email addresses, they would not send out any emails without permission so why did~~  
826 ~~they have to give up the email addresses.~~

827

828 Commissioner Manke stated they promised that they would not share the email addresses and  
829 they should not break their promise.

830

831 Commissioner Mueller stated when this first started everyone was on board with them collecting  
832 email addresses and contact information. Personally she didn't want to make a big deal of this  
833 but ~~what rubbed her the wrong way was that~~ this had been discussed, it was in the minutes and  
834 this has come up several times and nobody brought it up that there was a concern and ~~that~~ there  
835 should be a structure to it. She noted council members saw people signing up and excited about  
836 the discussion ~~and~~ yet no one brought up any concerns; ~~but~~ now several people in the City had a  
837 discussion and it was going through 3 to 4 people before it came to them that this was a concern  
838 and this bothered her. ~~She felt like they were circling and that was what they were trying to~~  
839 ~~avoid.~~ She wanted open communication.

840

841 | Chair Grefenberg stated the email addresses are ~~was~~ the property of the Commission.

842

843 Staff Liaison Bowman stated all he wanted was that they touch base before anything was sent  
844 out.

845

846 Commissioner Mueller and Commissioner Ramundt agreed.

847

848 | ~~Vice Chair President Becker noted whether they liked it or not they were members of the~~  
849 | ~~Commission so they were representing the City.~~ Staff liaison Bowman stated the Council  
850 | communicates chiefly through Pat and then Pat disseminated the information and pass it onto  
851 | staff.

852 |  
853 | Commissioner Mueller stated this was a good lesson, but they would never send out anything  
854 | without review and approval. ~~She stated they were surprised there was a concern regarding this.~~

855 |  
856 | Commissioner Ramundt stated commented that ~~this was a great example of you say welcome to~~  
857 | ~~politics and they say this this a problem. She stated~~ they were residents not involved in politics  
858 | before and this experience had been was very eye-opening. She stated that was why people  
859 | didn't get involved, because politics was a painful slow process and if they wanted people  
860 | engaged in the community they had to make things easier and approachable. ~~She stated things~~  
861 | ~~need to change if they wanted people to be engaged.~~

862 |  
863 | Commissioner Ramundt ~~stated said Discover Your Parks was great and~~ it was the third year she  
864 | had been ~~doing it~~ participating in Discover Your Parks and she would volunteer again next year,  
865 | but she would like a website module so they had something concrete to show people.

866 |  
867 | Chair Grefenberg stated they now had a vehicle.

868 |  
869 | ~~Commissioner Manke stated Commissioners getting out and talking to people was good also.~~  
870 | Commissioner Gardella stated she appreciated how ~~streamlined this was in that~~ they went  
871 | straight out into the Community and she was grateful they were willing to go out and do this,  
872 | because not all Commissioners will want to do this. It will be important to have direct  
873 | communication with people in the City, and having these types of conversations and she believed  
874 | it was important if this Commission was successful.

875 |

876 |

877 | **c. Website Redesign Committee**

878 | **i. Current Status of Civic Engagement Module (Lead Commissioner Becker)**

879 |

880 | Vice Chair Becker stated they had received two responses from three of the vendors. Staff  
881 | Liaison Bowman ~~stated~~ indicated Civic Plus was already had a similar and usable built-in  
882 | platform ~~and was usable~~ so he did not send them the Request for the Information.

883 |

884 | Vice Chair Becker stated they have not had time to digest the information, but he hoped to get to  
885 | this in the next week and a half to look at this.

886 |

887 | Chair Grefenberg asked if they could set up some kind of a deadline. He asked if the individual  
888 | evaluations could have a deadline. Vice Chair Becker responded he planned on having his  
889 | evaluation done by the end of the month.

890 |

891 | ~~Chair Grefenberg asked if they had the weighing distributed. Vice Chair Becker responded he~~  
892 | ~~had sent that information.~~

893

894 Chair Grefenberg stated the deadline would be at the end of Thanksgiving weekend to get the  
895 individual scores to Vice Chair Becker.

896

897 Chair Grefenberg asked when the new website would be ready. Staff Liaison Bowman  
898 responded it would be live next week. He stated they could assess it and provide feedback once  
899 it was live. He anticipated this to be a living breathing document with continuous improvement.  
900 Outside of the overall design, everything else they could change.

901

902 Chair Grefenberg asked if the buttons could be changed. Staff Liaison Bowman stated the  
903 buttons could be changed. He stated when they would click the Get Involved button there would  
904 be three options to get involved.

905

906 Commissioner Ramundt understood that before it went live, that they would have an opportunity  
907 to look at it. Staff Liaison Bowman stated he was moving as fast as he could on this and there  
908 was a lot of pressure to get it live.

909

910 Chair Grefenberg stated he also recalled the same discussion as Commissioner Ramundt.

911

912 | Commissioner Ramundt stated she has been in a software developer-development her entire  
913 career and she understood the pressure in moving forward, but she believed it was important that  
914 what they were told as a Commission, namely that they were going to get the chance to review it  
915 before it went live, was had not happened. Staff Liaison Bowman responded that he did not  
916 ~~believe this was how they discussed it~~ have the same understanding.

917

918 Chair Grefenberg stated he did not believe this could be resolved and this was an issue that they  
919 should be ~~more clear~~ er about in the future.

920

921 Staff Liaison Bowman ~~stated he believed~~ acknowledged ~~this was a~~ the Commission's desire and  
922 indicated he tried to fulfill it as best he could with keeping everyone else happy as well.

923 Commissioner Ramundt stated her lesson learned was that if she had an expectation that she  
924 needed to be very clear about it. She believed they were clear, but maybe they were not.

925

926

## 927 **7. New Business**

928

929 Commissioner Ramundt stated at some point since the election was just held that the  
930 Commission talk about what role the Commission could play in future city elections. For her  
931 personally the only opportunity she had to understand what the candidates were about was when  
932 she had to time to attend a League of Women Voters meeting, ~~but~~ She believed ~~as a~~ the  
933 Commission ~~they~~ could help to get more candidate information out ~~there~~. She stated it would be  
934 interesting to have time to brainstorm how the Commission could get involved in this.

935

## 936 **8. Staff Report**

### 937 **a. Upcoming Items on Future Council Agenda**

938  
939 Staff Liaison Bowman ~~stated~~ reported the Commission was ~~they were on~~ the Council's agenda in  
940 December, and the Council will be having their budget hearing on the December 1<sup>st</sup> and then  
941 voting on the final budget on the 8<sup>th</sup>. He stated they might have more wiggle room on the 8<sup>th</sup> as  
942 the major discussion will be on the 1<sup>st</sup>. Chair Grefenberg asked he confirm with Pat that the  
943 entire Commission could be there on the 8<sup>th</sup> with one person missing on the 1<sup>st</sup>.

944  
945 Staff Liaison Bowman stated he would let the Commission know when the meeting would be.

946  
947 Staff Liaison Bowman noted the Commissioners who were on one-year appointments ~~to the~~  
948 ~~Commission, if they~~ and were interested in being reappointed ~~that they~~ needed to get an  
949 affirmation of interest to City staff. He stated Chair Grefenberg and Vice Chair Becker were ~~on~~  
950 servicing the one-year appointments. He asked them to let him know by November 26 if they  
951 were interested in being reappointed.

952

953 **b. Other Items**

954

955 There were no other items discussed.

956

957 **9. Commission Communications, Reports, and Announcements**

958

959 Chair Grefenberg ~~stated~~ announced there was a Roseville Library Program on the Karen  
960 Community on November 20 at 2:00 p.m. ~~at the Roseville Library~~ whose purpose was to a  
961 ~~program on introducing~~ introduce the Karen Community to the wider community.

962

963 ~~Commissioner Gardella asked if these were being recorded and would they be made available to~~  
964 ~~those who were unable to attend because they were held at difficult times. Chair Grefenberg~~  
965 ~~responded he did not know.~~

966

967 **10. Commissioner-Initiated Actions for Future Meetings**

968

969 Chair Grefenberg stated one item for future action is a discussion on what role the Commission  
970 can play in facilitating information on elections and candidates.

971

972 He noted if they met on December 8, the Commission meeting would be on December 11. He  
973 asked the Commission if they had to meet in December. The issues might be the Civic  
974 Engagement module, but that might be the only ~~thing~~ item they needed to meet on. ~~He asked if~~  
975 ~~they wanted to meet twice in the same week.~~

976

977 Commissioner Manke stated she had no problem meeting and it sounded like there would be  
978 time to notice this, but maybe they could also just do a short meeting after the joint meeting with  
979 the Council.

980

981 Vice Chair Becker asked if there was a requirement that they cancel within so many days. Staff  
982 Liaison Bowman did not think so. Chair Grefenberg stated they needed to get the meeting notice  
983 out 3 days before the meeting though.

984  
985 Commissioner Manke stated they could have a quick discussion after the Council meeting so  
986 they had something to work on in January. Commissioner Manke asked if it was not already  
987 public noticed that they would be meeting on the 8<sup>th</sup> at the Council meeting so would they need  
988 to renote the debrief meeting. Chair Grefenberg responded he believed if it was the majority of  
989 the Commissioners doing the debriefing, it had to be noticed.

990  
991 ~~Chair Grefenberg asked if they wanted to go ahead on the 11<sup>th</sup> or have a short huddle after the~~  
992 ~~Council meeting.~~

993  
994 ~~Commissioner Manke asked if it could be in the packet. Staff Liaison Bowman stated that was~~  
995 ~~not possible.~~

996  
997 Commissioner Miller stated he did not see the value in having a quick debrief to just talk about  
998 this right after the meeting. The issue should be whether they needed a full meeting or not.

999  
1000 Chair Grefenberg stated they could have a limited agenda on the 11<sup>th</sup>, which was 3 days later.  
1001 Commissioner Manke ~~stated~~ indicated she was okay meeting twice in one week. Commissioner  
1002 Miller stated he was okay with not meeting also. Chair Grefenberg noted it was normal for  
1003 Commissions to not meet in December.

1004  
1005 Commissioner Gardella noted this time of year was busy so she ~~was okay for no~~ avored not  
1006 having a December meeting. Vice Chair Becker ~~stated~~ added he was also okay with not meeting  
1007 in December.

1008  
1009 Vice Chair Becker moved and Commissioner Manke seconded a motion to approve cancelling  
1010 the December 11 scheduled Community Engagement meeting. **Motion passed unanimously.**

1011  
1012 **11. Recap of Commission Actions This Meeting**

1013  
1014 Commissioner Gardella noted Staff Liaison Bowman would get to the Commission as soon as  
1015 possible which date they would be presenting to the Council and they all have their assignments  
1016 for the presentations.

1017  
1018 Chair Grefenberg stated he was not sure if the summary of the work was assigned.  
1019 Commissioner Gardella stated she would do that with Bowman's assistance.

1020  
1021 Chair Grefenberg noted Commissioner Manke would contact the Church.

1022  
1023 Vice Chair Becker noted the website committee ~~would~~ should get their information back to him  
1024 at the end of November.

1025  
1026 **12. Adjournment**

## Community Engagement Commission

### **Special Meeting**

December 8, 2014 (post-joint meeting with the City Council)

7: 30pm-7: 50pm

Roseville City Hall Conference Room

1 Present: All Commissioners with the exception of Kathy Ramundt. Also absent was  
2 **the Commission's staff liaison Garry Bowman who was needed at the Council**  
3 meeting which continued during this special Commission meeting.

4 Debriefing on the Joint Meeting with the Council:

- 5 • Two new Commission priority items were added by the Council: resuming the  
6 Roseville University program and involvement of renters.
- 7 • **Commissioners present were pleased with the Council's positive reception to**  
8 **the Commission's activities and future work plan.**

9 Desiree Mueller volunteered to help with the new priority: Roseville U, with  
10 the assistance of Theresa Gardella who volunteered herself. They will meet  
11 with Pat Trudgeon, City Manager.

- 12 • Gardella expressed concern that it be understood that the Roseville U  
13 program was not something that the Commission was proposing to do  
14 itself, simply that it was a useful program to continue next year.

15 Chair Grefenberg said that in light of the fact that the Commission would not meet  
16 in December (**other than tonight's meeting**) and that the January Commission  
17 meeting might be moved back a week, he would like to begin to get the word out to  
18 the larger Roseville community that the Commission would like residents to  
19 volunteer its zoning notification and neighborhood association initiatives.

20 Commissioner Manke asked Chair Grefenberg to draft a brief description for  
21 potential volunteers on the Zoning Notification and Neighborhoods, and  
22 Neighborhood Associations initiatives and Task Forces which he will circulate to the  
23 Commissioners individually for their review and suggestions. The intent is to get a  
24 head start on recruiting volunteers from the community for these task forces.

25 The Chair was directed to determine what the deadlines for submission of content  
26 are for the next edition of City News, and the deadline for submission of an

27 application for a CEC booth to be shared with NextDoor at the February 21<sup>st</sup> Garden  
28 Fair, a Kathy Ramundt suggestion.

29 Some Next Meeting Items:

- 30 1. Receipt of Website Redesign Committee Recommendation for a vendor for  
31 the civic engagement module and Commission action;
- 32 2. Discussion and action on Next Steps **to implement the Commission's revised**  
33 **Priorities** for 2015;
- 34 3. Action on forming Commission task forces to advise the Commission on their  
35 priority initiatives 1) Zoning Notification and 2) Neighborhood &  
36 Neighborhood Associations, and action on seeking volunteers to assist the  
37 Commission; and
- 38 4. Commission Action on Ramundt December 4<sup>th</sup> request for a Community  
39 Engagement Commission booth shared with NextDoor at the February 21<sup>st</sup>  
40 Living Smarter Fair, an event organized by the HRA.

41  
42 By consensus the Commission delayed the January meeting for one week until  
43 January 15<sup>th</sup>, and it was decided to begin that regular meeting at 7:00pm instead of  
44 the usual time of 6:30pm.

ATTACHMENT

Community Engagement Joint Meeting with City Council  
December 8, 2014

**Work Plan Priority Items for 2015:**

- Assist and Encourage the Formation of Roseville Neighborhood Associations
  
- Host a conference on community engagement in Roseville
  - The intent here is to reinforce the culture of neighborhood engagement and to integrate community engagement into City Hall culture
  
- Form a joint task force with the Planning Commission to study notification issues and formats
  
- Recommend an online civic engagement module for new city website
  
- City council priorities and emerging opportunities
  - Added by Council: Resumption of Roseville U. Program
  - Involvement of Roseville Renters

## Community Engagement Module Recommendation

### Vendors and Evaluation Process

A committee of Community Engagement Commissioners Scot Becker, Gary Grefenberg, and Jonathan Miller met over the summer and fall of 2014, in consultation with staff liaison Garry Bowman, to choose the vendors to be evaluated and the process by which to evaluate those vendors. Commissioner Becker was chosen to “lead” the committee and take point on communications and coordination of the work.

The committee decided to evaluate three vendors: Civic Plus, Granicus, and Mind Mixer and use a weighted matrix process to score the three vendors based upon the criteria listed below.

Once the evaluation process was decided upon and reviewed with the full commission, the Committee asked Garry Bowman to issue a basic request for information (RFI) to the three chosen vendors asking the vendors to:

- 1) Respond with how they feel their solution meets/exceeds these criteria,
- 2) Provide additional reference sites that implement their solution (i.e. other cities who use their tool),
- 3) Provide additional "educational" and/or marketing material that describe their solution (e.g. white papers, webinars, etc.), and
- 4) Provide detailed costing information.

Staff liaison Bowman decided to not include Civic Plus in the RFI and instead sent the RFI only to Granicus and Mind Mixer.

Upon receipt of the RFI responses, each committee member evaluated the vendors using the chosen criteria and scoring method (detailed below).

Throughout the process, the committee gave regular progress updates to the full Commission.

### Evaluation Criteria, Weighting, and Scoring Method

The committee used the following criteria to evaluate the chosen vendors:

1. **(2) Engagement** – What level of engagement did you observe? Are the communities employing the tool utilizing it?
2. **(3) Ease of Use** – How easy is the tool to use? Are the instructions clear? Is there an FAQ? Is it intuitive? Is it easy to navigate? Is the layout straightforward and clear?

3. **(1) Control** – How secure is the access (password protection, participation requirements)? Is access personalized? Are users anonymous or is authentication required?
4. **(1) Flexibility** – Is the tool flexible and customizable? Does it conform to the community’s brand? Does it look authentic?
5. **(2) Features** – How do the general features compare to other community engagement tools? More, less, better, worse?
6. **(1) Sharing** – Does the tool include the ability to share information and results across other social media platforms?
7. **(1) Cost/Value** – Are the fees reasonable and how do they compare to other tools available?
8. **(3) Two-Way Communication** - Does the tool allow two-way communication between the city and its citizens?
9. **(2) Integration** - Is the community engagement module fully integrated into the main website of the city or is it more of an afterthought? Is the tool visually appealing?
10. **(2) Moderation** – Does the tool include the ability to moderate responses (e.g. moderation queue, moderate new users only, moderate specific users, etc.)?
11. **(3) Ease of Entry** – Is the tool quick and easy for a first time contributor to register and provide a response/content?
12. **(2) Apps** – Does the tool allow integrate with apps and/or other sites?
13. **(2) Expansion** – Does the tool’s platform provide flexibility for future changes and/or integration with other standards?

Further, because the committee felt some criteria items were more important than other criteria items, a weighting factor, shown in parenthesis above, was determined and applied to each individual criteria item. The possible weighting values and definitions are shown below:

<b>Weight</b>	
<b>1</b>	Low Importance
<b>2</b>	Moderate Importance
<b>3</b>	High Importance

Finally, the committee decided to form standard scoring values in order to a) apply the scoring uniformly across all criteria items and committee members, and b) help illuminate the leading vendor. These scoring values are shown below:

<b>Scoring</b>	
<b>0</b>	<b>Not Supported</b>
<b>1</b>	<b>Barely Adequate</b>
<b>3</b>	<b>Meets Current Needs</b>
<b>6</b>	<b>Exceeds Current Needs</b>

**Committee Recommendation**

The committee moves that the Community Engagement Commission recommend Granicus be purchased and integrated with the City of Roseville’s website in order to help facilitate community engagement.

After weighting, the average score received by Granicus 144 was and the average score received by Mind Mixer was 114. Civic Plus was not evaluated since they were not provided with the RFI.

Each commissioner rated Mind Mixer identically but varied slightly in their individual ratings for Granicus.

All three commissioners did, however, identically score Granicus higher than Mind Mixer in the Two-Way Communication, Apps, and Integration criteria items and some commissioners rated Granicus higher than Mind Mixer in a couple of other criteria items as well.

Mind Mixer, with an expected 3-year cost of approximately \$8,000, did consistently score better than Granicus, with an expected 3-year cost of just over \$14,000, in the Cost/Value criteria item. However, this was the only criteria in which Mind Mixer scored better than Granicus and it has a relatively lower weighting than the criteria items in which Granicus scored better than Mind Mixer.

**Detailed Scoring Results**

The scoring provided by each commissioner in the committee is below:

**Commissioner Becker**

	Engagement	Ease of Use	Control	Flexibility	Features	Sharing	Cost/Value	2-Way Comm.	Integration	Moderation	Ease of Entry	Apps	Expansion	Subtotal	Total
<b>Weight</b>	<b>1</b>	<b>3</b>	<b>1</b>	<b>1</b>	<b>2</b>	<b>1</b>	<b>1</b>	<b>3</b>	<b>2</b>	<b>3</b>	<b>3</b>	<b>2</b>	<b>2</b>		
CivicPlus	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0
MindMixer	3	6	6	6	3	6	6	3	3	6	6	3	3	60	<b>114</b>
Granicus	3	6	6	6	6	6	3	6	6	6	6	6	6	72	<b>144</b>

**Commissioner Grefenberg**

	Engagement	Ease of Use	Control	Flexibility	Features	Sharing	Cost/Value	2-Way Comm.	Integration	Moderation	Ease of Entry	Apps	Expansion	Subtotal	Total
<b>Weight</b>	<b>1</b>	<b>3</b>	<b>1</b>	<b>1</b>	<b>2</b>	<b>1</b>	<b>1</b>	<b>3</b>	<b>2</b>	<b>3</b>	<b>3</b>	<b>2</b>	<b>2</b>		
CivicPlus	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0
MindMixer	3	6	6	6	3	6	6	3	3	6	6	3	3	60	<b>114</b>
Granicus	6	6	6	6	6	6	3	6	6	6	6	6	6	75	<b>147</b>

**Commissioner Miller**

	Engagement	Ease of Use	Control	Flexibility	Features	Sharing	Cost/Value	2-Way Comm.	Integration	Moderation	Ease of Entry	Apps	Expansion	Subtotal	Total
<b>Weight</b>	<b>1</b>	<b>3</b>	<b>1</b>	<b>1</b>	<b>2</b>	<b>1</b>	<b>1</b>	<b>3</b>	<b>2</b>	<b>3</b>	<b>3</b>	<b>2</b>	<b>2</b>		
CivicPlus	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0
MindMixer	3	6	6	6	3	6	6	3	3	6	6	3	3	60	<b>114</b>
Granicus	3	6	6	6	6	3	3	6	6	6	6	6	6	69	<b>141</b>

 Communications Manager

Friday, October 31, 2014

Dear Gary

Thank you for considering Granicus, we’re excited to support your citizen participation initiatives/needs. On the following pages, you will find our proposed solution, some of our key differentiators, detailed pricing, and answers to your specific questions. At Granicus, we recognize that great products are only part of what keeps our clients satisfied. For that reason, we provide 24/7/365 technical support and take full responsibility for maintaining and monitoring the technology that powers your solution and that of 1,100 other government agencies. Should you have any questions or if you would like us to clarify any aspects of our proposal, we look forward to hearing from you.

Most Sincerely,

Paul Kessler

### A. COMPANY PROFILE

Granicus, Inc. offers the first cloud platform and suite of applications designed specifically for government agencies. We provide turnkey solutions that enable

governments to work more efficiently, encourage citizen participation and engagement, and increase government transparency and trust. Currently, we have over 1,100 government clients and thousands of government users that leverage our technology to manage their day-to-day government tasks including webcasting of public meetings, automating their legislative workflow process, increasing citizen engagement, and more. Recently, the 2013 Best of the Web awards, created by Government Technology and the Center for Digital Government, revealed that Granicus clients received first place in all categories for online open government solutions. Granicus is dedicated to continually providing our clients with the most innovative technologies to meet both government and citizen needs.

### Company History

Granicus, Inc. is a privately held corporation with headquarters in San Francisco, California. Founded in 1999, the company has established a new vision for government municipalities to provide public information through the Internet. Granicus acquired Daystar Systems in 2011, which had provided agenda management solutions since 1983. Our Legislative Management Solution was the first automated system ever developed specifically for government agenda and workflow management and continues to be the benchmark for all systems to follow. Granicus has steadily continued to increase its product depth since then, and has been the first to market government transparency, meeting efficiency, and citizen engagement solutions to government clients. Granicus continues to be a market leader and provides governments with the tools they require to increase citizen engagement, reach broader audiences, and collect timely and actionable feedback from within the community.

### Achievements

Granicus has been recognized the past four years for being one of the fastest growing private company in the U.S., San Francisco, and the Silicon Valley by Deloitte LLP, the San Francisco Business Times, and Inc. Magazine. Our solutions have also been nationally recognized for helping government significantly improve transparency and efficiency.

## Granicus Qualifications Overview

### Innovation

#### Leaders

First-to-

Market:

- ✓ Webcasting solution for government-only clients
- ✓ Integrated public record: fully searchable video indexed against agenda items
- ✓ eComment: citizen feedback on actionable agenda items
- ✓ SpeakUp: open idea generation and feedback on government initiatives
- ✓ iLegislate: paperless agenda review and annotation on the iPad
- ✓ Automated agenda workflow solution for government
- ✓ Governing in the Cloud™
- ✓ Open architecture: free APIs and SDKs to seamlessly connect to systems already in place

### Customer Service Standards

World's most experienced provider of government transparency, citizen participation, meeting efficiency, and legislative management solutions with:

- ✓ 97% customer satisfaction rating, 98.5% client retention rating
- ✓ Over 1,000 clients in all 50 states, at every level of government
- ✓ More than 265,350 government meetings online
- ✓ 24/7/365 live service and support for all customers
- ✓ Dedicated account managers
- ✓ Over 31 million government webcasts viewed
- ✓ Over 3.2 million citizens engaged
- ✓ Services in nine out of the ten most populated cities in the US
- ✓ Voted one of the 100 companies that matter most in online video by Streaming Media magazine
- ✓ Ranked 185 on Deloitte 500 fastest growing companies
- ✓ Ranked 419 on Inc. 500's fastest growing companies

### Qualifications & Usage Statistics

- ✓ Over the past 12 months, our customers have received over 50 million live and archived hits to their videos
- ✓ Granicus has over 34,000 government users on its platform
- ✓ Over 9,000 users are governing on the iPad using Granicus iLegislate

- ✓ The Granicus cloud is redundantly hosting more than 390 terabytes of data
- ✓ Granicus is providing access to more than five million legislative files online
- ✓ More than 5,000 government video portals are currently being powered by Granicus
- ✓ Our legislative workflow solutions are saving governments between \$20,000-\$300,000 per year (paper, printing, labor costs)
- ✓ iLegislate is expected to reduce government printing costs by \$2,000-\$10,000 per year on average
- ✓ Granicus has over 1,000 government clients across the U.S. and Canada, including several of the largest cities in North America
- ✓ Client success stories are available here:  
<http://www.granicus.com/customers/featured/>

## B. QUESTIONS

### 1. ENGAGEMENT: What level of engagement did you observe? Are the communities employing the tool utilizing it?

The level of engagement varies depending on how much each community reaches out to its citizens and makes use of the tool. Below are two references you can contact who will best answer this question for you.

#### City of Austin, TX

Main Contact	Larry Schooler, Community Engagement Consultant
Contact information	Phone: (512) 974-6004 Email: <a href="mailto:larry.schooler@austintexas.gov">larry.schooler@austintexas.gov</a>
Granicus Solution	Citizen participation Suite (SpeakUp) <a href="https://austintexas.granicusideas.com/">https://austintexas.granicusideas.com/</a>

#### City of Edina, MN

Main Contact	Jordan Gilgenbach, Communications Coordinator
Contact Information	Phone: 952-826-0396 Email: <a href="mailto:jgilgenbach@edinamn.gov">jgilgenbach@edinamn.gov</a>
Granicus solution	Citizen participation Suite <a href="https://edina.granicusideas.com/discussions/vision-edina/topics/technology">https://edina.granicusideas.com/discussions/vision-edina/topics/technology</a>

**2. Ease of Use – How easy is the tool to use? Are the instructions clear? Is there and FAQ? Is it intuitive? Is it easy to navigate? Is the layout straightforward and clear?**

The solution is intuitive and there are many resources available to assist the user or administrator. You will get the following features if you choose Granicus:

- Very intuitive and simple to set up and begin using
- Average 2 week deployment
- Dedicated Community Manager to help you configure, launch, and promote your site
- Two 1hr training session for Admin users
- On-demand help portal
- Ongoing (24x7x365) customer support
- Dedicated account manager/point of contact for Granicus

**3. Control – How secure is the access (password protection, participation requirements)? Is access personalized? Are users anonymous or is authentication required?**

As described below access is secure and personalized:

- **Authentication can be customized** – we recommend low barriers to participation initially (first & last name, username, email, password is usually the standard choice among cities.)
- We also offer a **Facebook login option** for convenience to the user. The only information extracted by facebook is their name, email, or zipcode – their login would share the same password as their facebook profile.
- Users can choose to “flesh out” their profile information as they begin using the site
- Authentication can also be **customized on a project-by-project basis**. Specific users can be invited to participate in projects which can ask them more extensive profile information relevant to the project.
- All of the metadata is stored in one centralized repository where administrators can **view dashboard of activity, analyze results, add specific filters and run reports for deeper insight**.
- Analytical features also **include advanced search and filter options, a map of where ideas are coming from, timeline of comments, and various graphs for profile/demographic information**

- Reports can easily be exported to excel or PDF.
- Ecomments (comments on agenda items) and citizen ideas also syncs with iLegislate and can be viewed on the iPad through that application.

**4. Flexibility – Is the tool flexible and customizable? Does it conform to the community’s brand? Does it look authentic?**

The tool is highly flexible and customizable and as you can see from the Solution Overview or from our existing clients’ website, the SpeakUp website conforms to the look and feel of your town.

City of Austin: <http://speakupaustin.org/>

Town of Blacksburg: <http://speakupblacksburg.org/>

**5. Features – How do the general features compare to other community engagement tools? More, less, better, worse?**

That’s hard to respond to but Granicus has pioneered online citizen engagement as part of its general mission to increase Government Transparency, Meeting Efficiency, Agenda Automation and Online Citizen Engagement. Below are some of our features and please refer to the Solution Overview for more information.

- Customizable banner, background image, city logo.
- Complete control over content and features
- Provides enough flexibility for BOTH ongoing (crowdsourcing/open-ideation) and project-specific engagement (discussions, surveys, forums) as well as the ability for the public to comment electronically on agenda items prior to the meeting (ecomment). Mindmixer offers tools that are project-specific only (meant for planners).
- We offer an enterprise-level solution that is scalable for ongoing city-wide engagement meant for multi-departmental usage and application.

**6. Sharing – Does the tool include the ability to share information and results across other social media platforms?**

Yes. SpeakUp has a widget for SpeakUp that allows for sharing information and results across social media platforms.

- **Social media share buttons** (facebook, twitter, linked in) for citizen ideas/discussions/surveys  **Facebook widget** allows citizens to post and vote up ideas without ever leaving facebook  **Ability to ‘subscribe’** to ideas and receive email update notifications on the status of ideas.
- **Widget**—widget or “button” functionality allows administrators to easily customize and embed buttons on their city’s homepage, department pages, electronic newsletters, council-member pages, etc to invite citizens to participate and route them directly to the discussion.
- Ability to import contact lists via excel or GovDelivery
- **Sync with iLegislate** – gives decision-makers the ability to view inbound citizen ideas and comments on agenda items from the leading mobile agenda iPad application, iLegislate.
- **Sync with Legistar / insight - Insite Integration** – The eComment Tool will be built into your existing Calendar in Insite. This will allow users to come to 1 place for all Meeting information and related data.
- **Insite Integration** – The eComment Tool will be built into your existing Calendar in Insite. This will allow users to come to 1 place for all Meeting information and related data.

**7. Cost/Value – Are the fees reasonable and how do they compare to other tools available?**

Yes. Especially with the promotion offered and detailed in the Price proposal at the end of this RFI response. We are offering the first months free until July 1<sup>st</sup>, 2014.

**8. Two-Way Communication – Does the tool allow two-way communication between the city and its citizens?**

Yes, in fact it encourages it.

- Idea status gives citizens visibility into the status of their idea. They can see whether it’s been “acknowledged,
- Both users and admin can comment on ideas, discussions, forums
- Ability to invite the same users to follow up discussions

**9. Integration – Is the community engagement module fully integrated into the main website of the city or is it more of an afterthought? Is the tool visually appealing?**

Yes. Standard feature of the proposed solution.

**10. Moderation – Does the tool include the ability to moderate responses (e.g. moderation queue, moderate new users only, moderate specific users, etc.)?**

Yes.

**11. Ease of Entry – Is the tool quick and easy for a first time contributor to register and provide a response/content?**

Yes standard feature of the proposed solution.

**12. Apps: Does the tool integrate with apps and/other sites**

Yes. Speakup has an embedded widget you can use on any other website of your choosing. You could have a speakup widget on the planning section of your website for example during a citizen's outreach project. As described in question 6 SpeakUp syncs with the Granicus native iPad/Android application iLegislate.

**13. Expansion – Does the tool's platform provide flexibility for future changes and/or integration with other standards?**

Yes Granicus is built upon the need to continuously improve and innovate. Our API allows our solutions to be compatible with other tools used by cities across the United States.

## PROPOSED SOLUTION OVERVIEW

Granicus is pleased to present the below proposed solution of new technology and expert professional services to provide your City with a solution that meets and exceed the requirements set forth in this Request for Proposal. Our 100% cloud-hosted software solutions were designed specifically for governments like yours to spend less time managing the manual artifacts of the legislative process and more time engaging important stakeholders in productive ways. We make this possible by providing our clients with all the hardware and software necessary to streamline and automate everything from online video streaming to paperless agenda creation and publication. Additionally, our user-friendly and easy-to-deploy software solutions were built to make installation and deployment as effortless as possible.

By selecting Granicus, your solution will include the Granicus Open Platform for unlimited content storage and the Citizen Participation Suite. As narrated

below, your solution will include our newest technologies such as our native iPad application and includes all training, software, hardware, 24/7/365 support, professional services, installation and implementation.

## GRANICUS OPEN PLATFORM

The Granicus® Open Platform is the cloud-based foundation for all Granicus applications. It allows government organizations to manage and store an unlimited amount government public meeting data. It is the core of our content management, administration and distribution tools and includes free access to our APIs and SDKs, helping you seamlessly connect your Granicus solution to systems in place. The Granicus Platform includes the ability to upload and publish content including videos and documents.

- Unlimited content storage and distribution
- Open architecture and SDK
- Archived video editing and indexing
- Citizen web portal
- Live and on-demand streaming to mobile devices
- Create a paperless agenda environment with iLegislate® for the iPad

## CITIZEN PARTICIPATION SUITE: SpeakUp and eComment

The Citizen Participation Suite encourages greater community engagement in productive new ways online. Collect ideas for community improvement, leverage feedback on projects underway, and prioritize key public initiatives. Allow citizens to easily contribute, vote on and prioritize ideas using a customized website dedicated to community idea sharing. Utilize online discussions, forums, and survey tools to collect feedback on specific topics. Let your community make more informed opinions – add videos, documents and presentations related to your projects. Additionally, citizens will be able to electronically submit comments for agenda items using an online form tied to your upcoming meeting agenda. Run reports and distribute them to elected members or department heads, giving them a deeper understanding of public opinion before they make decisions. Additionally, staff and officials can easily review citizen ideas and comments that are tied to agenda items directly on the Granicus iLegislate application.

- Easy-to-use online tools to capture citizen ideas

- Utilize online discussions, forums, and survey tools to collect feedback on specific projects
- Prioritize key public initiatives
- Receive comments electronically for items on the agenda
- Run detailed reports to make better informed decisions
- Access community ideas, demographics, and feedback on iLegislate

### **Citizen Participation Modules: SpeakUp and eComment**

The Granicus Citizen Participation Suite features two different modules for collecting feedback and engaging citizens: SpeakUp and eComment. SpeakUp is a platform that enables you to lead focused online conversations to collect feedback from constituents on different City ideas, initiatives, and projects. The City has complete control over the content and can fully administer the discussion. Feedback can be collected via forums, discussions, surveys, and by providing videos or supporting materials. The City may also opt to enable the site for open ideation from citizens, in which users are able to post their own topics and ideas for consideration by the City. This functionality can be turned on or off, giving the City control over all content on its website. The Granicus Citizen Participation Suite can also include eComment, where citizens are able to specifically comment on published agenda items. Below we have provided greater detail on each of the features of this suite.

### **Granicus SpeakUp Key Features**

#### **SpeakUp Focused Conversations: Forums, Discussions, Surveys & Projects**

Granicus SpeakUp provides several different ways to collect feedback on any specific project or idea, by utilizing forums, discussions, or surveys. All responses are related to the subject that you choose to specify, helping you narrow and prioritize which ideas are most important to your municipality.

#### **SpeakUp Focused Conversations: Forums**

Forums allow users to brainstorm and vote on ideas around a specific topic or question that is specified by the City. With forums, the City can:

- Receive ideas specific to your current initiatives
- Allow citizens to vote, comment and share ideas
- Set specific timeframes so that feedback is time-based and limited
- Include customizable prompts
- Add supporting resources, including video, to your Forum

**Idea: More Affordable Housing** ▾

**Thao Hill admin** 2 months ago

It's very important that we do what we can to protect the community culture of this area. If we're not careful, we could find it full of businesses... with no one to keep the neighborhood alive after 6PM.

### SpeakUp Focused Conversations: Discussions

Discussions will allow the City to host conversations about multiple related topics, rather than just one specific topic. This functionality will:

- Allow citizens to respond to specific topics or questions
- Enable Citizens to comment on topics and reply to other's comments
- Customize prompts for each topic or question
- Add supporting resources, including video, to your Discussion

**Discussion: Leveraging Art to Aid in the Revitalization of Central Market**

The ARTery Project began as a series of art events taking place in the Central Market neighborhood coordinated by the City Arts Commission with a larger vision to develop the neighborhood into a lively and sustainable cultural district with arts at its core.

In 2010, with seed funding from the National Endowment for the Arts, projects included Art in Storefronts, temporary art installations in vacant storefronts; Lights on Market Street, three site-specific light installations, Market Street Blooms, two 20-foot tall steel flower sculptures; and a series of special events such as festivals, exhibitions, and performances hosted by neighborhood arts organizations.

Topics

**Topic: What Art Projects have you seen in other communities that you'd like to see here?**

We want the revitalization of Central Market to be unique to our City, but we know our citizens have traveled the world and we'd like to hear about what other public art projects you've seen that might spark a discussion for something here.

6 Responses   [View Topic](#)

**Topic: Involving Local Schools to help design art along Market Street**

What do you think about tapping into the local schools and allowing the children in the community to get involved in some way?

2 Responses   [View Topic](#)

**SpeakUp Focused Conversations: Surveys**

Unlike other collaboration tools, SpeakUp allows for fully integrated online survey tools that will collect quantifiable data from your online audience. With our survey feature, you will be able to poll your audience and get feedback on multiple topics at once.

## Thoughts on Rent Control For City

What do you think the benefits or problems with rent controlled apartments would be for our city. Real estate prices will drop but access for younger professionals to live in the city and tenants rights would improve.

Page 1 of 2

Question #1 What would be the biggest factors determining whether rent control would be implemented or not?

- concern for tenants rights
- landlords welfare
- economic status of the city
- cost of living
- population growth or decline

Question #2 Are you satisfied with the price of living in the city?

Yes.

Question #3 What is your position regarding an implementation of rent control in the city?

- Strongly Agree
- Agree
- Disagree

→ Next

### SpeakUp Focused Conversations: Projects

Focused Projects act as an “umbrella” for multiple communication models. This will allow you to compile related forums, discussions, and surveys into one

location. This allows you to invite citizens to a single place and have them contribute in multiple ways, allowing for a more focused feedback mechanism. you can inform the public about the project through meaningful engagement tools such as slideshows, embedded videos, and pictures. Begin a discussion on the project, learn how citizens feel about the project, and discover if your citizens have valuable input.

- Add Surveys, Discussions and Forums
- Add image slideshows, documents and embed video

 **Project: Visioning Project for 2040**

The Mayor and Council want the communities help to study and analyze current trends to determine the future of Pleasantville in 2040. Where are we now, where will we be, where do we want to be?

Driving factors encompass economic development, military presence, modes of transportation, safe and stable neighborhoods, transportation corridors, quality of education, employment for future generations, agriculture reserve, urban and cultural opportunities, recreational and environmental preservation.

The first phase of work is understanding the forces affecting our community and the future. We are open to receiving presentations by experts and leaders on finance, comprehensive planning, cultural resources, economic development, education, housing, military presence, parks and recreation, travel and tourism, transportation, demographics, etc.

We hope you participate!

**SpeakUp Focused Conversations: Reporting Tools**

SpeakUp includes an array of reporting tools and allows you to export and distribute reports to board and council members prior to meetings. Reports can easily be exported to files in CVS and PDF format, and can also include graphical

representations of the data. Mapping tools and reports enable you to easily see where your participation is coming from. Our word cloud also pulls the most commonly used terms in responses, so you can visually see a summary of what citizens are talking about.

BAN STYROFOAM

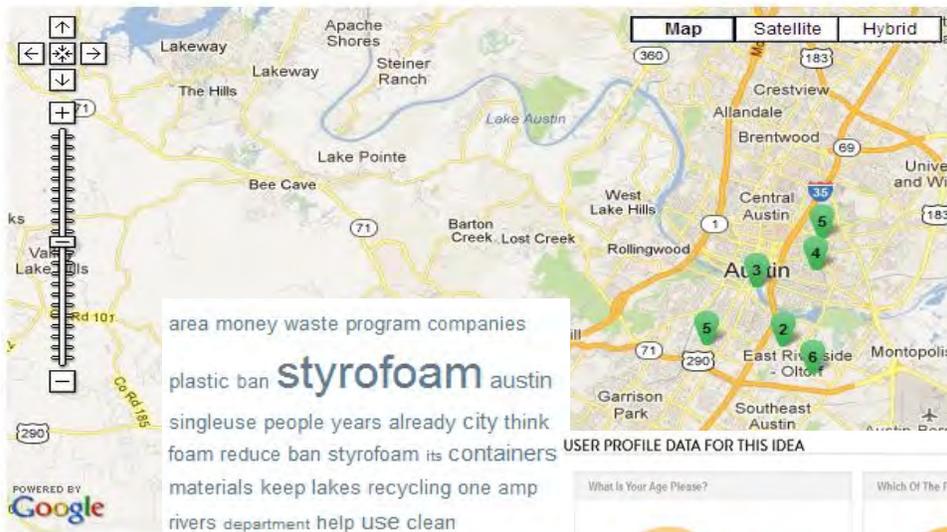

Created: October 04, 2012 05:36 Last response: January 11, 2013 17:22 [Export Idea Data](#)

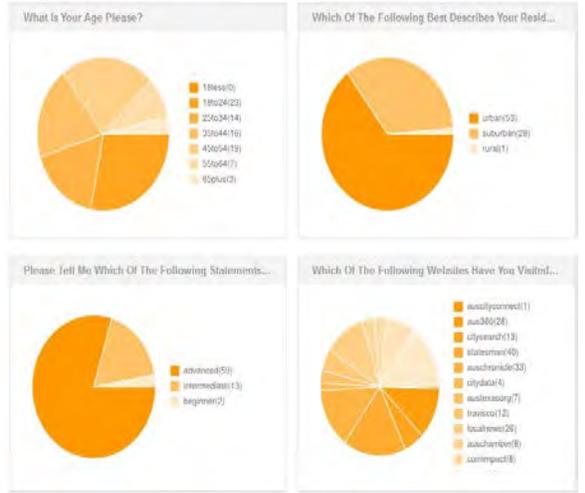

IDEA DESCRIPTION

I would like to see a ban on the use of Styrofoam containers (food and beverage) in the city of Austin. I am an active member of KAB (Keep Austin Beautiful) and I participate in numerous clean-up efforts in and around the city. I cannot tell you how much Styrofoam I have plucked from lakes, rivers and creeks over the years. It saddens me that such an environmentally conscious city would still allow the use of these types of containers. I propose we adopt a similar stance on the ban of Styrofoam just as they have in San Francisco, CA. I would love to see take-out containers be environmentally friendly and compostable. It can't be that difficult of an ordinance to enact. Let's do this Austin!

IDEA MAP

### SpeakUp Open Ideation: Citizen Sourcing Idea Management

Open Ideation is key feature of SpeakUp. Open Ideation allows the City to promote and utilize citizen sourcing by creating an active listening platform where you can collect ideas from the community. Citizens are able to submit, refine, and prioritize topics and ideas that are important to them. This platform allows you to leverage citizen ideas in the community, and will save you time and money by increasing your efficiency in collecting and managing this information. The City may opt to turn on or off this functionality.

Allow the public to easily contribute ideas with a website dedicated to community idea sharing. All residents have to do is post an idea. Other citizens, and even staff, can join the conversation by voting for an idea, adding comments, and even posting ideas to social media platforms. Encourage greater participation by acknowledging ideas, and changing the status of ideas as they are considered and planned internally. Contributors can follow their idea's progress and stay involved in their government's decision-making process.

 **Idea: NFL Expansion Team** ▼

**Chris Dodge** admin 2 months ago

I heard the NFL is looking to expand in the next few years. I think it would be great for city morale and the economy if we were able to draw an NFL team. Maybe we could call them the Pleasantville Pterodactyls... ca-caw!

### SpeakUp Facebook Integration

Granicus will provide a seamless integration between SpeakUp and your current Facebook page. You will be able to encourage participation from your Facebook community, and users will be able to search and vote for ideas and submit ideas, all within the City’s Facebook page through this integration. You can easily leverage your current Facebook followers to contribute to the information and ideas in coordination with those posted on your site.

### SpeakUp Widgets

The Citizen Participation Suite includes a widget that allows you to collect ideas from any webpage. This widget makes it possible to integrate specific engagement tools from Citizen Participation Suite, such as open ideation, forums or surveys, onto another website for increased outreach and feedback. It also provides a shortcut to your full Citizen Participation site, which allows for more visitors and a broader audience outreach. The Citizen Participation Suite allows you to reach the widest audience possible, ensuring that all citizens have a chance to contribute.

**Granicus eComment Key Features: eComment: Capture Feedback on the Issues at Hand**

The Citizen Participation Suite provides you with the means to effortlessly collect, consolidate, and deliver citizen input on current and future topics that relate to your upcoming agenda. This platform provides an easy way to add voices to the democratic process and makes participation in public meetings convenient. This web-based form is tightly integrated with your published agenda; residents can review each agenda item’s details, indicate their position on that item, and leave feedback. All comments can be consolidated into a report and delivered to elected members prior to a meeting, helping them better understand the views of their constituents. You can also allow residents to request to speak during meetings.

- Simplify public meeting participation
- Effortlessly collect and distribute citizen feedback prior to your meeting by distributing reports or utilizing the Granicus iLegislate application
- Keep feedback productive – provide supporting information on issues
- Stay in compliance with open meeting and open records laws

**PRICE PROPOSAL**

Your Granicus solution was based on the City of Roseville’s specific goals specified in this Request for Proposal. The pricing below reflects the end-of-the year promotion described below:

**Promotion Terms:** Clients who enter into an agreement with Granicus (with a minimum three (3) year term) to purchase eligible Granicus product(s) prior to December 31, 2014, qualify for a one-time promotion. Eligible products under this promotion include: Government Transparency, Meeting Efficiency, Citizen Participation, Boards & Commissions, iLegislate + VoteCast, and iLegislate + Civic Engagement. As part of this promotion, the Client will receive Monthly Managed Service Fees (“MMS”) at no cost to the Client until July 1, 2015. Discounted billing for Monthly Managed Services will start after deployment has been completed\*\*. The MMS pricing will revert to one hundred percent (100%) of the regular price after July 1, 2015. Up-front costs are not affected by this promotion. Monthly Managed service fees on Client’s current services are not affected by this promotion. This promotion cannot be used in conjunction with any other discount or promotion.

*\*\*For Government Transparency, Meeting Efficiency, Citizen Participation, Boards & Commissions, iLegislate + VoteCast, and iLegislate + Civic Engagement solutions, deployment is complete once the software has been provisioned and configured by Granicus based on technical scope and workflow definitions determined throughout the implementation process. The software is considered deployed once all software is installed which occurs prior to customer training.*

Items	Upfront	Monthly
Citizen Participation Suite	\$0.00	\$400.00
Total	\$0.00	\$400.00

*Terms*

- All suites require the Granicus Open Platform
- Sales tax may apply depending on your organization's tax status and the tax laws unique to your state, county and/or municipality
- Quarterly billing for Managed Services shall begin upon completion of deployment. Client will be invoiced a pro-rated amount

from the deployment completion date through the end of the quarter. Thereafter, Client will be billed each January 1, April 1, July 1, and October 1. Client agrees to pay all invoices from Granicus within thirty (30) days of receipt of invoice.

- Fifty percent (50%) of all up-front fees are due upon Granicus' receipt of a purchase order. The remaining fifty percent (50%) of up-front fees are due upon completion of deployment. Quarterly billing for Managed Services shall begin upon completion of deployment. Client will be invoiced a pro-rated amount from the deployment completion date through the end of the quarter. Thereafter, Client will be billed each January 1, April 1, July 1, and October 1. Client agrees to pay all invoices from Granicus within thirty (30) days of receipt of invoice.
- For Open Platform, Government Transparency, and Meeting Efficiency Suites, deployment is complete once the software is installed, tested and deemed by Granicus to be ready for Client's use. For Legislative Management, deployment is complete once the hardware and software are installed, tested, and deemed by Granicus to be ready for Client's use, and the Legistar database is configured for the Client. The database is considered to be fully configured after the final Needs Analysis Call.
- Electronic Payments: Granicus accepts ACH/EFT where we give your organization our account information. However we do not have an automated system for credit card payments.

Community Engagement Joint Meeting with City Council  
December 8, 2014

Work Plan Priority Items for 2015:

- 1) Assist and Encourage the Formation of Roseville Neighborhood Associations
  
- 2) Host a conference on community engagement in Roseville
  - a) The intent here is to reinforce the culture of neighborhood engagement and to integrate community engagement into City Hall culture
  
- 3) Form a joint task force with the Planning Commission to study notification issues and formats, and make recommendations
  
- 4) Recommend an online civic engagement module for new city website

**Added by Council:**

- 5) Resumption of Roseville U Program
  
- 6) Involvement of Renters in Roseville Decision-Making and Civic Affairs in general

## COMMUNITY ENGAGEMENT COMMISSION

### Policies & Strategies

#### On Neighborhoods, Citizen Participation and Neighborhood Associations

##### Policy 1) Integrate Citizen Engagement into City Hall Culture

**1.1 Policy Intent or Practice:** The City should work to enrich and strengthen civic engagement at city hall, and encourage employees and elected officials to appreciate civic engagement as an asset.

**Rationale:** Demonstrating a commitment to civic engagement dispels public cynicism and connects citizens more closely to their government, while also allowing them more resources for authentic grass roots neighborhood planning and community building....

##### Policy 2) Increase Effective Public Participation in City Council and Commissions

**2.1 Policy Intent or Practice:** The City should foster public participation at both the council and commission level.

**Rationale:** Making public meetings more accessible and understandable to the community demonstrates the City's commitment to civic engagement, which in turn enables the community to better value and trust their public officials, elected and appointed.

##### Policy 7) Enhance Overall City Communication

**7.2 Policy Intent or Practice:** The City should emphasize communications utilizing existing systems more proactively and effectively with the intention of engaging residents.

**Rationale:** When residents receive information in a timely manner and in clear understandable language, they are better able to process and provide feedback on how they would like their city to be run, and the City is better able to respond to citizen concerns.

**We recommend the City:**

- a) Connect Nextdoor neighborhood leads to facilitate communication between them on issues of city-wide significance.
- b) Devise a process for identifying, maintaining, and updating Nextdoor neighborhood leads. Consider ways the City could support the efforts of NextDoor leads in disseminating information necessary for neighborhood-building efforts.

c) Use neighborhood networks such as homeowner associations and neighborhood associations, such as SWARN (SouthWest Area of Roseville Neighborhoods), the Lake McCarron's Neighborhood Association, the Twin Lakes Neighborhood Association, and other neighborhood networks to supplement existing information systems and to invite residents' responses. When a City Department organizes an informational meeting it should seek out an association or neighborhood group with which to collaborate and organize said meeting.

**Rationale:** By utilizing various neighborhood networks and organizations to disseminate information relevant to the city and its neighborhoods, the City will assist these groups in providing value to their members and neighbors. The City will also gain increased coverage of news and notifications to its residents

## **Policy 8) Foster and Support Vibrant Neighborhoods**

**8.1 Policy Intent or Practice:** The City should support residents' efforts to build community within their neighborhood.

**Rationale:** Vibrant neighborhoods — neighborhoods where residents know each other, can support one another, and feel invested in their city — are a critical aspect of a healthy city. Assisting neighborhoods in this important task benefits civic governance as well as its citizens.

### **We recommend the City:**

- a) Support the creation of resident-defined neighborhoods. (See *Edina's Name Your Neighborhood* at [edinamn.gov/category/neighborhood](http://edinamn.gov/category/neighborhood), an example of allowing residents to determine their neighborhoods names and boundaries.)
- b) Monitor and evaluate the success of Nextdoor.com and include goal-related metrics and user satisfaction.
- c) Provide materials to support neighborhood gatherings throughout the year, similar to the Night to Unite materials offered through the Neighborhood Watch Program.
- d) Utilize *City News* to communicate news and items of interest to neighbors and neighborhoods. Solicit input and contributions from residents and neighborhood groups.

**8.2 Policy Intent or Practice:** The City should support residents in developing more formalized neighborhoods and/or neighborhood organizations.

**Rationale:** By recognizing neighborhoods and neighborhood organizations, the city reinforces the value of neighbors working together to achieve common goals. Providing infrastructure and technical assistance to these groups also enables their success and provides another effective way for the city to disseminate and gather information.

**We recommend the City:**

- a) Provide residents wishing to formalize their neighborhood or neighborhood organization with the following: definition and examples of a neighborhood network or association, a clear process to formalize such groups, and City recognition and benefits to officially-recognized groups. (See <http://www.stlouispark.org/neighborhoods/neighborhood-associations.html>.)
- b) City Recognition of Neighborhood Associations should be premised on the assumption that neighborhood boundaries are inclusive and not exclusive.
- c) The City shall provide a page or section on city's website with the neighborhood's name, boundaries, characteristics, events, and contact person. (Example at <http://www.stlouispark.org/wolfe-park.html>).
- d) The City should consider adding signage in the physical neighborhood names are identified and commonly accepted.

**8.3 Policy Intent or Practice:** The City should facilitate meetings at the neighborhood level.

**Rationale:** Many residents are interested in neighborhood issues which may not have city-wide impact, and are interested in knowing their neighbors and working on issues of neighborhood significance. By providing assistance to interested neighbors the City can play a critical role in building strong neighborhoods and thus a vibrant community.

**We recommend the City:**

- a) Compile, maintain, and make readily available a list of meeting places for Roseville residents to use when organizing neighborhood meetings.

## Neighborhood Association Policy

### Definitions

*Neighborhood: A geographic area defined by the City that exists as a sub-area within the City as a whole. Each property within the City resides within a single Neighborhood.*

*Neighbors: People or legal entities owning or occupying property within a Neighborhood.*

*Neighborhood Association: A voluntary Neighborhood-based organization, recognized by the City, and in compliance with this policy.*

### Purpose

The City encourages the voluntary formation of Neighborhood Associations for the purpose of facilitating communication between residents, City staff and officials, fostering interaction between individuals on issues of common geographic concern and building a better community through cooperative action.

In keeping with this philosophy, the City will seek to notify and consult with Neighborhood Associations on matters of Neighborhood interest. For example, Neighborhood Associations will be notified when:

- Significant Neighborhood projects are being discussed or proposed such as street reconstruction, park development or redevelopment or land use planning.
- A mailing goes out to residents in the Neighborhood related to a City matter or public hearing.
- A developer requests a Neighborhood meeting for the purpose of sketch plan review.
- The City is seeking to organize a Neighborhood group for resident input.

### Expectations

The following expectations exist with respect to Neighborhood Associations:

- Neighborhood Associations will be included in the public input process but will not be assumed by City officials to speak on behalf of all Neighbors and will not limit the ability of any person or entity, including non-recognized Neighborhood groups, to participate on their own behalf.

For Neighborhood Worksheet: Examples of other Cities work with Neighborhood Associations

- Communication with the Neighborhood Association will not replace the City's traditional methods of direct outreach to residents.
- Neighborhood Associations are strictly voluntary and no Neighbor will be required to participate. Each Neighborhood Association will determine its own priorities and desired level of activity.
- Neighborhood Associations will not assume the role of an administrative or legislative body.
- Neighborhood Associations have no legal authority to enact or enforce property design or maintenance requirements.
- Only one Neighborhood Association may exist in each Neighborhood, as identified in the official Neighborhood map.

### **Bylaws**

- In order to be recognized as a Neighborhood Association by the City, Neighborhood Associations are required to adopt bylaws that include the following minimum standards:
- An outline of the Neighborhood boundaries as defined by the City;
- Membership criteria allowing any Neighbor over the age of 18 the right to belong and to vote.
- A statement that the Neighborhood Association will not discriminate based on race, color, creed, religion, age, sex, sexual orientation, gender expression, marital status, disability, status with regard to public assistance, familial status or national origin in connection with employment, housing and real property, public accommodations, public services, credit and education;
- One annual meeting with notice to all addresses within the geographic boundaries,
- Procedures for the election and removal of leadership; and
- Method of determining quorum and how votes are taken and recorded at annual meetings.

Changes or amendments to the bylaws shall be provided to the City staff liaison.

### **Recognition**

A group of Neighbors intending to form a recognized Neighborhood Association or seeking recognition of an existing Neighborhood organization must notify the City staff liaison. The recognition steps are as follows:

- Upon request, an educational meeting may be conducted by the City staff liaison regarding steps to organize.
- The organizing committee notifies, in writing, all Neighbors of the opportunity to vote on becoming a recognized Neighborhood Association and the proposed Neighborhood Association bylaws. Upon request, the City will pay for and coordinate this initial mailing.
- Upon an affirmative vote, the Association formally applies for recognition and submits a completed recognition application and minutes from the meeting during which the neighbors voted to seek recognition and a copy of the current or proposed Association bylaws.

For Neighborhood Worksheet: Examples of other Cities work with Neighborhood Associations

- The City staff liaison will forward the application materials to the City Manager for review and approval. The City Manager will notify the Neighborhood Association and City Council of his or

her decision with regard to recognition in writing. Neighborhood Associations can appeal the decision of the City Manager to the City Council.

### **Removal of Recognition**

The City Manager has the authority to remove recognition from a Neighborhood Association if the Association fails to comply with any requirement of this Policy. Prior to the removal of recognition, the Neighborhood Association will be given written notice of non-compliance and a period of 60 days to achieve compliance. If the City Manager removes recognition, the Neighborhood Association and City Council will be informed of his or her decision in writing. Neighborhood Associations may reapply for recognition without prejudice.

### **Funding**

Membership fees, when established by the bylaws of a Neighborhood Association, shall be voluntary and shall not preclude any neighbor from participating in the Neighborhood Association. Neighborhood Associations may charge fees for events or activities that do not include voting on Association business. The City shall not serve as the fiduciary agent for a Neighborhood Association. Any Association which raises money outside of a city-sponsored grant or program is responsible for complying with applicable state and federal laws. If funds are disbursed by the City for use by an Association, the Association may be required to provide documentation of appropriate use. Failure to do so will result in removal of recognition.

### **City Staff Liaison**

City will assign a staff liaison to recognized Neighborhood Associations. The role of the staff liaison will be to:

- Provide information about the role and organization of Neighborhood Associations, both generally and in direct consultation with residents;
- Receive and process applications for Neighborhood Association recognition;
- Ensure that the recognition requirements are met and notify the Neighborhood Association and City Manager of any shortcomings;
- Maintain City records related to Neighborhood Associations;
- Work with the Communications and Technology Services Department to facilitate the communication activities outlined in this policy;
- Develop and maintain a City speaker list and contact speakers upon request from a Neighborhood Association;
- Educate City staff on the role of Neighborhood Associations and how to fully engage Neighborhood Associations as a valued resource;

- For Neighborhood Worksheet: Examples of other Cities work with Neighborhood Associations
- Refer issues brought forward by Neighborhood Associations to appropriate staff; and
  - Advise the City Council on issues related to Neighborhoods or Neighborhood Associations and draft or revise related policies.

It is not the role of the City staff liaison to organize a Neighborhood on behalf of a proposed Neighborhood Association or to advocate positions on behalf of Neighborhood Associations.

### **Communication Support**

The City shall not serve as the primary communication vehicle for Neighborhood Associations. The City's Communications and Technology Services Department will provide basic communication support to Neighborhood Associations to ensure that residents are aware of their existence within the community.

Basic communication support from the City includes:

- **Website Page:** The landing page will include the Neighborhood boundaries and notable features, Neighborhood Association bylaws, regular meeting place and time of Neighborhood Association meetings, Neighborhood Association contact information, and links to the Neighborhood Association website or other online resource.
- **Initial Mailer:** Upon request, the City will pay for and coordinate a Neighborhood-wide postcard mailing notifying residents of a meeting to vote on the potential formation of a recognized Neighborhood Association. Content must be delivered to the Communications and Technology Services Department at least 21 days in advance of the organization meeting date to ensure timely delivery. Postcard mailings will be addressed to "Resident."
- **Copying:** Upon request, the City will provide copying once annually for each association in an amount equivalent to the Neighborhood's estimated population (double-sided, on 8.5" by 11" paper). Associations should anticipate a 2-3 day turnaround for each copying project. Associations can maximize the copy services provided by the City by using half sheet flyers.
- **About Town Listing:** Recognized Neighborhood Associations and their contact information will be highlighted annually in About Town.

Communication with the Neighborhood Association will not replace the City's traditional methods of direct outreach to residents. Any communication facilitated by the City is subject to the City's communication policies and ordinances. As a result, the City will not facilitate any communication that is inconsistent with its policies general operating principles, or the City Code. Examples of communication that would be inconsistent with City policies include items that are discriminatory or politically partisan in nature.

### **Neighborhood Boundary Changes**

The City has defined boundaries for each Neighborhood. Neighborhood Associations may propose both technical corrections and Neighborhood boundary changes.

**Technical Corrections.** Technical corrections are minor changes regarding the placement of the boundary line on the map. For example, a technical correction could entail shifting a boundary line to

For Neighborhood Worksheet: Examples of other Cities work with Neighborhood Associations include the properties on both sides of a street. Technical corrections impact a small number of properties. To apply for a technical correction to a Neighborhood's boundary, the Neighborhood Association must submit a written request to the City staff liaison along with the minutes from the meeting at which the organization's members voted to make the change. The City staff liaison will

forward the request to the Neighborhood Association(s) of any adjoining impacted Neighborhoods for review and comment. The City staff liaison will forward the request and any comments from the adjoining impacted Neighborhood Association(s) to the City Council for review. The City Council has the sole authority to approve or deny any technical corrections.

**Boundary Changes.** Boundary changes represent a larger change with respect to the geographic definition of the neighborhood. Boundary changes have the potential to impact a large number of properties. For example, a boundary change could entail moving the boundary from one street to another street located a few blocks away. To promote stability and growth of the Neighborhood Association system, and in recognition of the significant public process involved in creating Neighborhood names and boundaries, boundary change requests will only be considered at time of application for initial recognition, or any time within two years of initial recognition. In addition, any boundary change request that creates Neighborhood(s) with less than 70 parcels will not be considered. To apply for a boundary change, the organizing committee must submit the request to the City staff liaison along with a Neighborhood petition demonstrating the support of a majority of households. The City staff liaison will forward the request to the Neighborhood Association of any adjoining impacted Neighborhoods for review and comment. The City staff liaison will forward the request and any comments from the adjoining impacted Neighborhood Association(s) to the City Council for review. The City Council has the sole authority to approve or deny any boundary changes.

### **Neighborhood Name Changes**

The City has defined names for each Neighborhood that are listed on the official Neighborhood map. Neighborhood Associations may apply to change the official Neighborhood name at time of application for initial recognition, or any time within one year of recognition. After one year, the official Neighborhood name cannot be changed. To apply for a name change, the Neighborhood Association must submit a request to the City staff liaison to change the Neighborhood name along with the minutes from the meeting at which the organization's members voted to change the name and a summary of how the Association collected data regarding the name preference of their Neighbors. The City staff liaison will forward the request to the City Council for review. The City Council has the sole authority to approve or deny any name changes.

### **Additional Benefits**

#### **Meeting Space**

City-owned meeting space available for public use will be offered free of charge for any Neighborhood Association meetings or events that are free to the public (no charge). If City staff are required to open or monitor the building, the Neighborhood Association may be charged a recovery fee. City-sponsored

For Neighborhood Worksheet: Examples of other Cities work with Neighborhood Associations meetings and programming will take precedence over Neighborhood Association meetings, and Neighborhood Association meetings may be “bumped” from a City facility with a minimum of 30 days’ notice.

#### Guest Speakers

The City will develop and maintain a list of City staff that can be scheduled as guest speakers by

Neighborhood Associations. City staff may be available to speak on special topics by request. The guest speaker program is designed for education and information sharing purposes.

#### Annual Workshop

City staff will coordinate an annual workshop to facilitate the sharing of ideas and best practices between Neighborhood Associations and to gather suggestions from Neighborhood Associations for City staff.

#### Annual Award

Each year the Mayor will give a Neighborhood Association Award during the Annual Volunteer Recognition Banquet to recognize community building efforts by the City’s Neighborhood Associations. Nominations for the award will be solicited from all Neighborhood Associations prior to the event.

updated: *Tuesday, September 30, 2014*

Many of St. Louis Park's 35 neighborhoods are represented by an organized neighborhood association. These groups can rally residents together to solve a problem or voice an opinion on a special issue. They can also hold neighborhood get-togethers, organize park clean-ups, or share services (trading home maintenance for child care, for example). Many neighborhoods publish newsletters listing upcoming events and neighborhood news.

Call Breanna Erickson, Community Liaison, at (952) 924-2184 or email [berickson@stlouispark.org](mailto:berickson@stlouispark.org) to find out whether your neighborhood is represented by an **association, or if it isn't, how you can organize one. You can also visit your [neighborhoods webpage](#)** to see if it is organized. If you don't know your neighborhood, find it by visiting [myNeighborhood](#).

If you are interested in organizing your neighborhood, more information can be found in the [St. Louis Park Neighborhood Organizing Kit](#).

## Possible Volunteer Appeal Language

The Community Engagement Commission is an advisory commission appointed by the City Council to advise it on ways and means to encourage, facilitate, and streamline the engagement of Roseville residents in their community. It is seeking volunteers for the following two initiatives.

### **Neighborhood & Neighborhood Association Task Force**

The Community Engagement Commission is seeking volunteers to work with it on a three to four month project focused on neighborhood identity and associations. Volunteers would serve on a task force exploring ways to foster and facilitate neighborhood identity and communications, and consider various formats to encourage and organize authentic and effective neighborhood input into civic decision-making.

Task Force meetings will occur no more than once a month except for possibly the first month. Task Force members will communicate with each other via phone and the internet in between meetings. The Task Force Chair may be appointed by the Commission.

The Task Force will advise the Community Engagement Commission on specific ways to achieve the Commission's 2015 Policy Objectives of fostering and supporting vibrant neighborhoods in Roseville and integrating community and neighborhood participation into city decision-making.

For more information please see the Commission's website (*to be added*) for its December 8<sup>th</sup> Report to the City Council on Recommended Policies & Strategies for Community Engagement, Section 7, lines 361-416. Minutes of the Commission's meetings are also available on the website. You may also contact the Commission's chair Gary Grefenberg at [ggrefenberg@comcast.net](mailto:ggrefenberg@comcast.net) or 651/645-6161.

### **Zoning Notification Task Force**

The Community Engagement Commission is seeking volunteers to work with it and the Planning Commission on a three to four month project to review the City's zoning notification process with the objective of ascertaining their effectiveness in communicating with Roseville business and residents impacted by zoning decisions. The task force will make recommendations for improvement; these recommendations will be transmitted to both Commissions, with a goal of submitting any approved changes to the City Council.

No experience is required. The only requirement is an interest in improving the City's notification process and the willingness to volunteer time for this short-term project. Staff will be provided by the Planning Department.

It is estimated that the Task Force will meet no more than once a month, with the exception of the first month when it may meet twice. Task Force members will communicate via phone and the internet in between meetings. It is expected that the Task Force will have two co-chairs representing the respective Commissions involved.

For more information please see the Commission's website (*to be added*) for its December 8<sup>th</sup> Report to the City Council on Recommended Policies & Strategies for Community Engagement, Section 9, pages 14-15. Minutes of the Commission's meetings are also available on the website. You may also contact the Commission's chair Gary Grefenberg at [ggrefenberg@comcast.net](mailto:ggrefenberg@comcast.net) or 651/645-6161.

# City Council Meeting Recap

## Roseville City Council Regular Meeting

Unofficial report of city council meeting January 5, 2015

**Called to Order:** 6:15 p.m.

**Present:** Mayor Dan Roe; Councilmembers: Jason Etten, Lisa Laliberte, Tammy McGehee, Robert Willmus

### Swearing in of Councilmembers

Mayor Dan Roe, Councilmember Tammy McGehee and Councilmember Bob Willmus took the Oath of Office

### Approval of Agenda

Approved the January 5, 2015 agenda

### Minutes

Approved December 8, 2014 meeting minutes

### Consent Agenda

Approved consent agenda including naming the Roseville Review as the 2015 legal newspaper, establishing official bank depositories, approving 2015 sign permits, and appointing the mayor and the city manager to the fire relief association

### Business Items Action

Designated Councilmember Jason Etten as the 2015 acting mayor

Reappointed commissioners to citizen advisory commission including Scot Becker and Gary Grefenberg to the Community Engagement Commission; Nagaraja Konidena and Peter Zeller to the Finance Commission; Mary Bachhuber, Lisa Carey and Wayne Groff to the Human Rights Commission; Jerry Stoner to the Parks and Recreation Commission; Shannon Cunningham to the Planning Commission; Brad VanderVegt to the Police Civil Service Commission; and Duane Seigler to the Public Works, Environment and Transportation Commission  
Approved a Council/staff strategic planning session to establish goals for the upcoming year

### Business Items Presentations

Approved rules of procedures, including adding pledge of allegiance to the beginning of council meetings

Approved appointment of Council and staff liaisons to various community groups

### Adjournment

Meeting adjourned at 8:30 p.m.

Next meeting January 12, 2015

Council recaps are not official minutes of city council meetings. We do our best effort to be as accurate as possible, but cannot attest to the complete accuracy.
